Fair tonight, a little cooler extreme east tonight. Saturday fair and warmer. Low tonight 38-46 northeast and 46-52 southwest. High Saturday in 70s.

## Bloodmobile To Visit City Next Thursday

BPW Sponsoring June Appeal; Quota Again 175 Pints

Fayette Countians will be given an opportunity to replenish the Red Cross Blood Bank when the mobile unit comes to Washington C. H. next Thursday.

This will be the third visit of the bloodmobile here this year. In February, 188 pints were donated and in April, 144—a total of 332 pints donated here this year.

During that same period, 356 pints were used at Memorial Hospital and, it was pointed out, this total does not include the blood received by Fayette County patients in other hospitals outside the county.

The quota for the county is 175 pints, the same as it has been for more than two years.

The bloodmobile will be set up again at the First Presbyterian Church, Market and Hinde Sts., It will open at 10 a. m. and close at 4 p. m.

MEMBERS of the Business and Professional Women's Club here are sponsors of the June visit of the mobile unit and are recruiting donors.

Experience shows that at least 200 volunteer donors are needed if the quota is reached. Mrs. Robert P. Wilson, chairman of the county blood program, explained that more volunteers than the number of pints in the quota are needed because some always are rejected for one reason or another by the physicians who examine them before they are permitted to give blood.

Mrs. Leonard Korn (Telephone 2-2401), secretary of the Red (Please Turn to Page Twelve)

## Another Gal Taking Crack At Talk Mark

FAYETTEVILLE, N. C. — Plenty of time, plenty to say, an audience that can't talk back and a record to shoot at.

That's what Mrs. Verna York, 24, faced today when she started talking at 2 a. m. in a marathon talking contest here that has seen a new record set by each of the three preceding contestants — all women.

The newest record for nonstop talking was set early today by Mrs. Arthur Capps, 38-year-old mother of two. She stopped talking at 1:07 a. m. after chattering 29 hours, 12 minutes 43 seconds.

Prior to that, Mrs. J. D. McCauley, 49, a grandmother, had talked 28 hours, 44 minutes, 14 seconds, and Mrs. Lois Grant, 27, secretary, for 27½ hours.

The contest, being held at an appliance store here and aired at intervals over the radio, has the stated purpose of proving that Southern women are the talkers of a talkative sex.

Subjects? "I've Got Several Hundred," said Mrs. York as she set out to prove it. Pet ones? "Child Care." She has a boy who will be 3 in July.

## Methodists Plan Talks on Labor Dispute

LAKESIDE — The Ohio Methodist Conference wants its churches to provide forums for discussion of a proposal that the union shop be banned by state law.

After more than an hour's discussion Thursday, 1,400 delegates to the conference's annual session approved the forum idea. This followed rejection of a resolution from the National Council of Churches declaring that the union shop should not be a subject of state law but a matter to be settled by labor and management at the bargaining table.

The resolution adopted urged 11 districts, which include some 300,000 members, to follow the pattern of the conference itself in discussing the issue.

"Because there is a great difference of opinion with regard to the proposed 'right-to-work' legislation, we urge individual districts in the conference to set up fact-finding forums, with representatives of both management and labor invited to express their views and provide Christians with intelligent interpretations."

The Methodist stand was in contrast to the Roman Catholic bishops' view which firmly rejected the entire ban idea.

# Nation's Job Picture Showing Improvement

## Foreign Aid Comes to Ohio

Over \$44 Million Paid To Firms in State

WASHINGTON — Ohio seems an unlikely place to spend foreign aid money. Nevertheless, \$44½ million went to Ohio industries under this program during a 3½-year period.

This was disclosed today in a table compiled for senators backing the military and economic aid program now under consideration.

Sen. Alexander Wiley (R-Wis.) claims the figures support his contention that 85 per cent of foreign aid money is spent in domestic industries.

The table shows where the International Cooperation Administration (ICA) bought materials from U.S. firms from January 1954 to June 30, 1957.

Some of the Ohio cities where ICA money was spent, together with samples of the largest contractors:

AKRON — Total \$8,114,769.01. Big contractors: Firestone International Co., \$2,628,620.39; General Tire & Rubber Export Co., \$1,017,636.90; Goodyear Tire & Rubber Export Co., \$1,690,964.92; International B. F. Goodrich Co., \$1,967,592.63.

CINCINNATI — Total: \$6,081,048.17. Biggest contractor: Vulcan Engineering, \$3,758,323.95.

CLEVELAND — Total: \$5,718,987.06. Biggest contractor: B. F. Goodrich Chemical Co., \$1,612,183.26.

COLUMBUS — Total: \$449,205.10. Biggest contractor: Jeffrey Manufacturing Co., \$230,368.02.

DAYTON — Total: \$858,244.71. Biggest contractor: National Cash Register Co., \$568,497.70.

LIMA — Total: \$2,148,660.15. Contractors (complete): Baldwin Lima Hamilton Corp., \$1,361,178.26; Ohio Steel Foundry Co., \$787,481.89.

MIDDLETOWN — Total \$4,633,098.31. Contractors (complete): Armo International Corp., \$4,560,918.31; Shartle Bros. Machine Div. of the Black Clawson Co., \$72,180.

SALEM — Total: \$1,126,359.01. Contractors (complete): E. W. Bliss Co., \$702,176.80; the Deming Co., \$35,735.52; the Electric Furnace Co., \$338,446.69.

TOLEDO — Total: \$7,633,434.18. Biggest contractor: Willys Overland Export Corp., \$7,271,004.67.

## Businessmen Cautiously OK Slash in Taxes

WASHINGTON — A number of leading businessmen have given qualified backing to tax cutting as an anti-recession measure.

But even as their views were made public Thursday, the House voted to continue present tax rates on corporation income and certain items such as automobiles, cigarettes and liquor.

Although many House members would like to cut taxes this election year, they went along with the decision of their leaders and the Eisenhower administration against any reduction at this session. The main reason: prospective big budget deficits.

The Senate is expected to follow the same course, although efforts probably will be made there to gain tax relief for the ailing automobile and rail industries.

The business leaders, responding to a questionnaire from the Senate Finance Committee, were by no means enthusiastic about the idea of tax reduction.

Most of the 14 men polled by the committee favored caution in employing government action to bring about an economic upturn. There were expressions of concern that such action might spur inflation.

In a separate study, the staff of the Senate-House Economic Committee said that since its last analysis in February "economic activity has continued to decline and there are as yet few signs of an early upturn."

WARREN — A Warren man who served a year for the killing of his brother was drowned Thursday when he fell into nearby Mosquito Creek.

He was Pomp J. Wade, 26, who was convicted of manslaughter in the May 19, 1957, death of his brother, Edward, who was hit on the head with a brick. The drowning victim was released from prison two weeks ago.

Lake Ship Damaged CLEVELAND — The 18,000-ton freighter Joseph Thompson was damaged slightly Thursday when it hit a breakwater in Lake Erie.

The ship, owned by the Hansand Steamship Co., was sent to Lorain Shipyards for repairs.

## DeGaulle Declares: 'I'll Rule Algeria'

ORAN, Algeria — Premier Charles De Gaulle told representatives of Algeria Public Safety Committee today its insurgent authority must come to an end. He said he will run Algeria.

He named Gen. Raoul Salan, military commander of the junta, as his own delegate-general in Algiers. But De Gaulle will personally assume control of Algerian affairs, acting as his own Cabinet minister for the strife-torn territory.

De Gaulle said the committee, which led the drive to bring him to power, must now concentrate on integration of the Moslem and European communities in Algeria.

On the last day of his tour of Algeria, he told representatives of the Algerian and the local committee: "You must not substitute yourselves for legal authority. Your task is to work for a complete integration of souls."

His statement cleared up his attitude on the future of the public safety committee movement that spread throughout France and parts of metropolitan France and parts of the French Empire.

AS IN ALGIERS Wednesday and in eastern Algeria Thursday, excited crowds of Europeans and Moslems crowded the streets of this west Algerian port to greet the World War II hero who became French premier Sunday.

Back home, Paris newspapers predicted trouble for De Gaulle from the insurgent military-civilian Committees of Public Safety who seized power in Algeria three weeks ago.

Spokesmen for the committees, which represent the interests of the 1½ million French settlers in Algeria, reportedly have demanded that De Gaulle grant them a big voice in his regime. The demands reportedly infuriated the old soldier.

Leaders of the 3½-year Algerian nationalist rebellion for independence from France have rejected De Gaulle's promise of equal French citizenship for Algeria's nine million Arabs and Berbers. The rebels said they again would ask the U.N. General Assembly to support their independence movement and that meanwhile the war would spread to all North Africa.

LEWIS L. STRAUSS frequent visitor to the White House.

Strauss is leaving the AEC June 30 when his current five-year term expires.

Strauss gave no specific reason for his decision. But he said in a letter to President Eisenhower that he believed "circumstances beyond the control of either of us make a change in the chairmanship of the commission advisable."

This could have been an allusion to speculation that his renomination might run into stiff opposition in the Senate.

CAPITOL HILL reaction to his decision was mixed, with some Congress members lauding his "great contributions" and others voicing their displeasure.

The 62-year-old Strauss, a former New York banker, also will give up his post as special adviser to Eisenhower on atomic energy (Please Turn to Page Two)

## College Boys Get Itchy; Panty Raids Hit 2 Campuses

By THE ASSOCIATED PRESS It's a good thing the school year is about over. Ohio's college boys seem to be getting itchy.

Two Buckeye campuses have been the scenes of annual spring madness—panty raids. At Baldwin-Wallace near Cleveland, a raid was comparatively "orderly."

But at Kent State University, 13 male students ended up paying fines and hearing a stern lecture for their part in a mass raid on a women's dormitory.

Mayor Raymond E. Manchester of Kent, a former dean of men at the university, levied the fines resulting from a two-hour demonstration by 1,500 men students early Thursday. When the 13 charged with disorderly conduct appeared before him, the mayor commented:

"Would you like to have a statement printed on your diploma to the effect that you are not only proficient in arts and sciences, but also distinguished yourself in panty raids and public rioting?"

IN ALL, 29 MEN, none of them seniors, were suspended from the university for a year.

Except for two \$10 fines and one \$35 fine, the men were assessed \$25 and costs and sentenced to 11 days in jail, with the jail stay suspended when the fine is paid.

Police broke up an attempted raid on a women's dormitory early today at Baldwin-Wallace.

A crowd estimated at between 50 and 100 male students gathered outside Findley Hall shortly after midnight. A police officer's shirt was torn and one person was arrested in a brief scuffle, but no one was injured.

"THE CROWD was dispersed as best we could," a policeman said. "Then it was just a matter of keeping order. This is a yearly event out here."

Girls in the dormitory egged the crowd on with shouts of "chicken" from the dormitory windows, police said.

## Idle Total Still Drops

Total Employment Tops 64 Million

WASHINGTON — The government reported today an improved employment situation in May. There was a substantial rise among those employed and a decline in the number of idle workers.

A joint report by the Commerce and Labor Departments put May employment at 64,061,000, up 1,154,000 from April.

Unemployment declined by 216,000 to 4,904,000—lowest idle figure since January.

The job gain was attributed to seasonal expansion in agriculture and service employment plus a bigger than usual gain in construction. The report said a sharp pickup in outdoor work represented in part recovery from delay caused by especially bad weather earlier in the year.

The employment rise in May was much greater than the drop in unemployment primarily because most of those joining the farm labor force were housewives and students who had been outside the labor force in April.

THE REPORT said sizable reductions in unemployment among previously jobless workers were partially offset by an increasing number of students seeking summer jobs. This student influx into the labor force is expected to push the unemployment total well over the five million mark in June or July.

Employment in manufacturing, where recession effects have been most severe, declined by 67,000 to 15 million, but this was described as only slightly more than the seasonal trend for the month.

Compared with a year ago, manufacturing employment is down by 1,700,000, with more than four-fifths of it centered in durable goods industries.

Employment in steel mills and auto plants in mid-May held close to April levels in contrast to large declines in previous months.

The May drop of 216,000 in unemployment was a bit better than usual for this time of year. The seasonally adjusted rate of unemployment as a proportion of the labor force dropped to 7.2 per cent from its high of 7.5 per cent in April. This was the first reduction since the rate started climbing last summer.

Unemployment among workers insured for jobless payments declined in all but four states in May, dropping by 350,000 to three million.

In April employment was 62,907,000, down about 1,350,000 from last year, and unemployment was 5,120,000, about double the figure a year ago.

2 Boys Admit Tying Lad to Rail Tracks

NORWALK, Calif. — Two 10-year-old boys admit tying a young boy to railroad tracks, sheriff's deputies said today.

"We wanted to frighten him," one of the boys said.

Michael Evans, 7, was rescued Monday by his father, Frank, just before a train reached the spot where he was bound with his head toward the tracks.

The father had been told of his son's plight by two of Michael's playmates.

Evans said he grabbed one of the boys who had tied his son but let him go as the train approached. Michael said the boys earlier had tried to hang him to a telephone pole.

Officers located the two 10-year-olds by systematically checking schools. Evans and his son identified them.

The boys were released to their parents pending action by juvenile court. Their names were not disclosed.

Cox Estate Is Sold For Housing Center

DAYTON — The 62-acre estate of the late James M. Cox, three-time Ohio governor and Democratic presidential candidate, will soon become a \$10 million housing development.

The estate was sold Thursday to the Paul Welch Development Corp. The area will be called Governor's Hill, Welch said.

## Parked by Midwestern Tornado

ILLUSTRATING THE VICIOUSNESS of the tornadoes which cut a 40-mile-wide swath through northwestern Wisconsin, a car is propped against a tree in Colfax, where more than half the known toll of 30 died.

MENOMONIE, Wis. — While the search for additional dead continued, the first steps toward recovery have been taken in this tornado-ravaged section of northwestern Wisconsin.

State, federal and private agencies offered assistance from headquarters set up in the four-county area. At least 30 persons died when three twisters ripped a 90-mile path Wednesday night. Six persons were reported missing.

More than 350 were injured, 119 of them requiring hospital attention. At least 20 of the injured were in grave condition.

Damage will be in the millions, according to Gov. Vernon Thomson, who inspected the area by plane and car Thursday. The Red Cross said that 615 families were affected. More than 100 homes were destroyed, another 165 damaged extensively and 340 less seriously. Some 1,000 head of cattle were killed.

## Chrysler Shuts Assembly Plant

### UAW Trying To Avoid Trouble During Truce

DETROIT (AP)—Chrysler Corp. today shut down assembly operations at its Plymouth body and assembly plants in Detroit. This was the first such action by any of the car makers during operations without labor contracts.

The company said 2,700 employees were sent home after 100 members of the United Auto Workers Union walked off the job in the trim department of the Plymouth body plant.

The UAW, which has instructed all members to work as usual during a non-contract period, had no immediate comment.

Earlier, the UAW's president, Walter P. Reuther, had moved quickly to make sure incidents involving Chrysler and General Motors workers Thursday did not disrupt the uneasy truce in the auto industry negotiations.

Reuther, after getting reports from top aides on the Chrysler and General Motors situations, repeated his order that the UAW members must keep peace at all costs in auto plants until contracts can be worked out.

Nearly 500,000 UAW members have been working without a contract since the old three-year pacts expired, GM on May 29 and Ford and Chrysler Sunday.

The first incident occurred Wednesday night when pickets ringed the General Motors Fisher Body plant near Pittsburgh, Pa. Leonard Woodcock, head of the union's GM negotiating committee, said the dispute centered about local grievances.

PICKETS AT the plant were removed Thursday night and production was resumed by the overnight shift.

Chrysler's dispute resulted from company action in handing out brief suspensions to some UAW stewards and committeemen in Chrysler plants across the country. Chrysler denied UAW charges that it was trying to provoke workers into a strike. The company said the only ones disciplined were those who had flatly refused to go to work.

Ford, whose workers have not been involved in any incidents, met with the UAW Thursday and had another session today, as did GM, Chrysler and the UAW will meet again Monday.

## GI, Patrol Dog Linked to Thefts

WESTHAMPTON BEACH, N. Y. (AP)—A young airman has been accused of using his German shepherd patrol dog as a lookout while he committed a series of burglaries and a holdup.

Charged Thursday with first-degree robbery was Alvin Richard Weinert, 25, attached to the Suffolk County Air Force Base here. Weinert was one of a dozen man-dog teams which patrol the base. About three weeks ago, he reported that he and his dog chased a safe cracker. Authorities became suspicious.

They said he admitted burglarizing quarters at the base and holding up a gas station at nearby Calverton. Total loot: \$1,200.

## 21 Ohio Cities Cited for Safety

COLUMBUS (AP)—Twenty-one Ohio cities have been awarded achievement certificates by the National Safety Council for their traffic safety programs.

The state of Ohio also received awards for three safety programs, the Ohio Department of Highway Safety announced Thursday.

Cities receiving the awards were Van Wert, Akron, Bexley, Cambridge, Canton, Cincinnati, Cleveland, Cuyahoga Falls, East Cleveland, Elyria, Findlay, Hamilton, Lakewood, Middletown, Portsmouth, Rocky River, Shaker Heights, South Euclid, Wooster, Youngstown and Zanesville.

## Missouri Releases Pair Sought in Lima Stickup

JEFFERSON CITY, Mo. (AP)—Acting Gov. Floyd R. Gibson Thursday approved Ohio's request for the return of two men wanted at Lima, Ohio, on armed robbery charges.

George Reuscher, 20, and Louis Myers, 27, are being held in Kansas City.

They are accused of holding up the Bonded Oil Co. March 1 and taking \$431.

## Deaths, Funerals

### Charles Hess

Charles Hess, about 70, a former resident of Washington C. H., died at his home in Bradenton, Fla., on May 29.

Word of his death has just been received by Mr. and Mrs. Robert Cockerill, friends and neighbors of Mr. and Mrs. Hess during the time they lived at New Martinsburg.

They went to New Martinsburg from Indiana about 22 years ago and later moved to Washington C. H. where he was in the real estate business. They moved from here to Circleville four years ago and two years later to Bradenton.

Funeral services were held in Bradenton, followed by cremation.

### James Leo Landon

PEEBLES — James Leo Landon 64, a former resident of Washington C. H., died of a heart attack at 10:30 a. m. Thursday in his home at May Hill, Adams County.

He was born in Felicity and went to Washington C. H. about 36 years ago, where he owned a garage and trucking business. He left there nine years ago, to return to his farm in Adams County.

He is survived by his wife, Thelma; a daughter, Mrs. Eula Mae Mill of Mt. Vernon and a step-daughter, Miss Evelyn Wallace, at home. He also leaves a sister, Mrs. Grace McCoy of Washington C. H. and a brother, Herman Landon of Burlington, Vt.

Services will be held at 1 p. m. Saturday in the Tress Funeral Home in Peebles. Burial will be in the Washington C. H. Cemetery following brief committal services about 3:30 p. m. The Rev. James Stone, pastor of the Peebles Church of Christ, will officiate.

Friends may call any time at the funeral home.

### Oliver M. Darbyshire

SABINA — Oliver M. Darbyshire, 91, died at 4:30 p. m. Thursday at his home, 70 Elm St., here. He had suffered a fall about three weeks ago and had been bedridden since then.

A retired farmer, he is survived by his wife, Edna Dalrymple Darbyshire.

He was a member of the Sabina Methodist Church.

Private services will be held at 2 p. m. Sunday in the Littleton Funeral Home by the Rev. Charles Kirsch, pastor of the Sabina Methodist Church.

Burial will be in Sabina Cemetery.

LAYTON L. WYCOFF—Services for Layton L. Wycoff, 75, who died Monday in Fayette Memorial Hospital, were held at 2 p. m. Thursday in the Littleton Funeral Home in Sabina.

The Rev. Harold Tollefson of the Sabina Friends Church was in charge.

Burialbearers were James Roberts, William Taylor, Alva Monogold, Lauren Morter, Charles Theobald, Jesse Crago and Blythe Morter.

Burial was in White Oak Cemetery near Buena Vista.

## Blacksmith, 80, Bows to Air Age

YORK SPRINGS, Pa. (AP)—George M. Myers, a blacksmith whose pride would not permit him to accept the automobile as finally bowed to the space age.

He plans to visit New York next week, traveling by plane.

The trip grew out of a taunt that he had never traveled far from his Pennsylvania home.

"Why don't you pick yourself up and go on a plane trip?" one of his daughters asked.

"Not until I'm 80," Myers retorted. That will be next Friday and his family is holding him to his promise.

## State's Employees Asking Pay Boost

COLUMBUS (AP)—State employees asked Gov. C. William O'Neill today to include a cost-of-living pay raise in his call for a special session of the Ohio Legislature this month.

The request came from the Ohio Civil Service Employees Assn. The state has about 40,000 workers.

The association said present law provides a pay increase for each six-point rise in the consumer's price index up to 116, which hit the total two years ago. The index now stands at 123.3, up 7.3 points from the index figure on which the last previous increase was granted, the association reported.

## Five Youths Seized in Sabina Chase Held as Auto Thieves

SABINA — Five Cincinnati juveniles, arrested in a street chase in Sabina after defrauding a Jasper Mills service station, face charges of auto theft in Hamilton County.

The youths, two of whom have Boys Industrial School records, were charged with auto larceny after it was determined that a car in which they were spotted was stolen near Cincinnati.

They were arrested in Sabina's Plainview neighborhood, north of the center of town, after they jumped out of their car and fled.

## Saturday Noon Deadline for Reservations

Reservations for the annual meeting—dinner—of the Chamber of Commerce Monday evening at the Country Club, may be made up to noon Saturday, William Stoughton, Chamber manager, said Friday.

Stoughton said that, inasmuch as reservations (through ticket purchase) are being made with directors of the Chamber as well as at the office, the exact number up to noon Friday is uncertain.

However, he added, arrangements can be made to seat "around 150" at the dinner tables and that he is certain not all of them have been reserved yet.

Stoughton said he can take reservations by telephone at the Chamber office (56781) or at his home (21551) up to noon Saturday. "There are always some," he explained, "who either neglect, or put off until the last minute, making reservations and we don't want them to miss out if we can help it. . . . That's why I'll take the reservations by telephone."

Names of six new directors will be announced at the dinner meeting. Five of them were elected to three-year terms in the "mail election" last month and the sixth will be appointed by the board to fill out the last year of the term of a resigned member.

Two of the features of the after-dinner program will be the review of the past year's achievements of the Chamber by Morrow, its president, and a talk on "Community Assets in the Location of New Industry" by George B. Hutchinson of Middletown, supervisor of production engineering of the Armo Drainage and Metal Products Co.

Burial will be in Sabina Cemetery.

LAYTON L. WYCOFF—Services for Layton L. Wycoff, 75, who died Monday in Fayette Memorial Hospital, were held at 2 p. m. Thursday in the Littleton Funeral Home in Sabina.

The Rev. Harold Tollefson of the Sabina Friends Church was in charge.

Burialbearers were James Roberts, William Taylor, Alva Monogold, Lauren Morter, Charles Theobald, Jesse Crago and Blythe Morter.

Burial was in White Oak Cemetery near Buena Vista.

## Blacksmith, 80, Bows to Air Age

YORK SPRINGS, Pa. (AP)—George M. Myers, a blacksmith whose pride would not permit him to accept the automobile as finally bowed to the space age.

He plans to visit New York next week, traveling by plane.

The trip grew out of a taunt that he had never traveled far from his Pennsylvania home.

## State's Employees Asking Pay Boost

COLUMBUS (AP)—State employees asked Gov. C. William O'Neill today to include a cost-of-living pay raise in his call for a special session of the Ohio Legislature this month.

The request came from the Ohio Civil Service Employees Assn. The state has about 40,000 workers.

The association said present law provides a pay increase for each six-point rise in the consumer's price index up to 116, which hit the total two years ago. The index now stands at 123.3, up 7.3 points from the index figure on which the last previous increase was granted, the association reported.

RESIDENTS of the neighborhood joined in the chase, which lasted roughly half an hour. Patrolman Storer captured three of the fugitives. Village Councilman John Reno, who joined the chase with a shotgun after the youths ran through his yard and trampled his tulips, captured the other two.

Storer was alerted to watch for the youths by Fayette County sheriff's officers after Mrs. Charles Upp, who operates a grocery and service station on the CCC Highway in Jasper Mills, said the boys had driven away without paying for \$4.39 worth of gas.

Spotting the license number on the CCC Highway in Sabina, Storer tried to get them to stop. They screamed to the curb a block west of the heart of town and fled into the Plainview neighborhood, where an impromptu posse trailed them for a half an hour.

## Tire Thief, Drivers Fined in Court Here

An 18-year-old youth admitted a charge of stealing a tire in Municipal Court Friday.

Two other men appeared on speeding charges, and seven drivers forfeited bonds when they failed to appear for alleged speeding.

Richard Green, Route 1, Jeffersonville pleaded guilty to stealing a tire valued at \$6 from John Long, and was fined \$100 and costs and sentenced to 30 days in county jail by Judge Max Dice.

The fine and sentence were suspended, pending the good behavior of the defendant for a probation period of six months.

PLEADING GUILTY to speeding charges were Carl K. Benhase, 28, Sugar Grove, and Charles A. Clark, 56, of Columbus. They fined \$10 and costs and \$5 and costs, respectively.

Driving on the wrong side of the road was the charge against Charles L. Spiller, no age or address given. He failed to appear, and forfeited \$20 bond.

William D. Belknap, 72, Dover, who allegedly ran a stop sign, forfeited \$15 bond when he waived a court appearance.

Forfeiting bonds on speed charges were: Edward W. Stroube, 31, Paris, Ky., \$20; Andrew J. Virzi, 30, Cleveland, \$15; David W. Axthelm, 20, Marion, \$25; William Dick, 37, Mt. Sterling, \$20; Harry T. Emery, 48, Columbus, \$15; and Chester E. Graham, 33, Galena \$10.

## Woman, 81, Resting After Fall into Ravine

IRONTON (AP)—An 81-year-old woman who apparently fell into a ravine is resting at her home near South Point today after spending more than 12 hours in wooded hill country.

Sheriff's deputies, among more than 50 persons combing the area, found Mrs. Sarah Wa' in the ravine. She had been reported missing shortly after 8 a. m. Thursday when she told her daughter-in-law she was going over a hill to visit some friends.

### OHIO FIVE DAY FORECAST

Temperatures will average 2-6 degrees below normal. Normal high 78 north, 82 south. Normal low 57 north, 60 south. Warmer Saturday, turning cooler late Sunday or Monday, warmer again by Wednesday. Precipitation will average less than one-quarter inch as scattered showers late Sunday or Monday and again around Wednesday.

## Strauss To Resign

(Continued from page one)  
matters. But he will become the President's special assistant in charge of promoting the atom-for-peace program.

As such, he will lead the U.S. delegation to an international scientific conference on peaceful uses of atomic energy in Switzerland next September.

Strauss was named to the AEC by former President Truman in 1946, soon after the agency was created. He served until 1950 and then was appointed by Eisenhower in June 1953 to succeed Gordon Dean as chairman.

For the last several months, he reportedly has been locked in a dispute with Secretary of State Dulles over U.S. nuclear policy.

## Creek Rd. Bridge Is Opened Friday

The second bridge on Creek Rd., located in Union Twp. two miles west of Route 35, south will be open for traffic this afternoon (Friday) according to County Engineer Charles Wagner.

The county engineer added that chemical sprays were applied to roadside weeds Thursday—the first application for this year.

## Stock Mart Edges Toward Another High

NEW YORK (AP)—Selected industrials moved forward in an erratic stock market early this afternoon to push the general price level toward another high for the year. Trading was fairly active. Leading rails showed little change.

Key stocks gained narrowly, generally within a point. Small losses and a changed prices were scattered.

Oils, aircrafts, motors and steels were mostly higher. Rubbers and motion picture stocks also showed plus signs. Chemicals, base metals and tobaccos were irregular.

Market background included the report of the House-Senate economic committee which said the nation's economy might not get back on its feet until late 1960. Meanwhile, auto assemblies were estimated at a higher rate.

The news that unemployment had dropped below five million for the first time since January was another bullish factor.

Lorillard added about a point, and American Tobacco dropped a major fraction.

Gains of about a point were made by Sinclair, Texaco, and Zenith. Du Pont's price fluttered uncertainly, erasing a one-point gain.

U.S. government bonds improved.

## DeGaulle Aide Tipped As New U.S. Envoy

BONN, Germany (AP)—French diplomatic sources reported today that Premier DeGaulle is expected to put Jacques Soustelle on the shelf by naming him France's ambassador to the United States. Sending the firebrand Gaullist deputy to Washington would please the moderates and leftists whose support De Gaulle needs in France. But it would infuriate the extreme rightists in France and Algeria who have been demanding he take a position of power in De Gaulle's government.

## Her Ad Pulled Wrong Client

ST. PAUL, Minn. (AP)—Mrs. Monica Paulman advertised an outdoor motor for sale, then told callers who asked to see it that it was in the yard at her home, attached to a barrel. Next morning the motor was gone. It was valued at \$100.

New Antitrust  
Rap Levelled  
Against Timken

Federal Trade Agency  
Reaffirms Opposition  
To Market Policy

WASHINGTON (AP)—Antitrust charges against the Timken Roller Bearing Co. of Canton, Ohio, have been reinstated by the Federal Trade Commission (FTC).

The FTC overruled a commission examiner by a 4-1 vote Thursday and reaffirmed its 1956 complaint charging that the company bars its distributors from handling competitive products in the replacement market. Timken is the tapered roller bearings.

The FTC accused Timken of world's largest manufacturer of tapered roller bearings.

The FTC accused Timken on Feb. 13, 1956, of having an exclusive-dealing policy that might substantially lessen competition in violation of the Clayton Antitrust Act.

The commission later turned over its evidence to William L. Pack, a commissioner examiner, who granted a company motion for dismissal on grounds that a prima facie (on the face) case had not been established.

Commissioner William C. Kern, however, said in the majority opinion Thursday.

"From our examination of the present record we are satisfied that the evidence received affords the basis for reasonably concluding, in the absence of countervailing proof, that during the period covered by the complaint, respondent (Timken) regularly and consistently required its authorized distributors and authorized jobbers not to deal in the tapered roller bearings manufactured by others."

Timken has not presented its side of the case, the commission said, but added:

"We are convinced that the allegations of the complaint have been prima facie made out."

The commission opinion said the complaint was supported by memoranda and company correspondence that authorized cancellation of agreements with dealers carrying competitive products.

The FTC majority conceded that written contracts between Timken and its distributors do not provide for exclusive dealing.

The commission majority also disagreed with the examiner by saying he should not have discounted the value of certain exhibits on grounds of "remoteness in point of time" and "their extremely small number in relation to the number of respondent's dealers."

The exhibits dealing with the

NEW EQUIPMENT—Louanne Flint, 5, of Columbus, granddaughter of W. R. Everhart of 809 Washington Ave., shares a bed at Memorial Hospital with a croupette, a device somewhat similar to an oxygen tent which was purchased largely with money from the Newcomer's Club. Mrs. Rosalie Deskyne, nurse's aide, takes Louanne's pulse. Stricken with appendicitis, while visiting her grandfather over the weekend, Louanne was released from the hospital Thursday. (Record-Herald photo)

O'Neill Mum  
On Exact Date  
Of Legislature

COLUMBUS, Ohio (AP)—The exact date for opening the special session of the Legislature will not be announced until the Ohio Supreme Court indicates its course in the supplemental unemployment benefits (SUB) question, Gov. C. William O'Neill said Thursday.

Aide of the governor said they expect such an indication from the high court shortly.

The court has agreed to review lower court decisions upsetting an administrative ruling that workers cannot receive SUB and state jobless compensation at the same time. But it has not indicated how soon hearings can be held on the appeals in two test cases.

O'Neill's statement followed a conference with House Speaker Roger Cloud (R-Logan) and Sen. C. Stanley Mechem (R-Athens), Senate majority leader. However, the governor again said the session would begin no later than June 30.

O'Neill said he and the legislative leaders discussed methods of handling subjects to be included

period 1949-54, are timely enough, the commission said, adding that it did not have to "undertake an exhaustive enumeration" of instances in which the law may have been violated.

5 Men Draw  
Terms for  
Pennsy Fraud

HARRISBURG, Pa. (AP)—Two former Pennsylvania Turnpike commissioners and three other men Thursday were sentenced to prison for 10 months to five years for conspiring to defraud the commission of 19½ million dollars.

The sentences, imposed by Judge Homer L. Kreider in Dauphin County Court, came exactly a year and a day after the five men were brought to trial.

Gov. George M. Leader termed the conspiracy "one of the greatest public swindles of all time."

Those sentenced: Thomas J. Evans, former commission chairman, two years, \$500 fine and costs on conspiracy con-

viction, and one to two years and \$5,000 fine for misconduct in office.

James F. Torrance, former commissioner, one to two years, \$500 fine for conspiracy, and one to two years, \$1,000 fine and costs for misconduct in office.

Charles W. Stickler Jr., president of Manu-Mine Research and Development Co., of Reading, two years, \$500 fine and costs for conspiracy and five years for false pretenses.

Clayton A. Landside, former general manager and vice president of Manu-Mine 10 to 23 months, \$500 fine for conspiracy and one to two years for false pretenses.

Paul J. McNeill, former chief finance officer for the commission, 10 months to 23 months, \$500 fine for conspiracy.

WE STICK  
TO OUR LASTS

There was a time when pharmacists often were called "Doc." Doubtless it was a complimentary gesture.

Even in this late day, the pharmacist frequently is asked to diagnose and prescribe by his customers.

But like the shoemaker, we pharmacists stick to our own lasts. We neither diagnose nor prescribe. These health team functions fall within the special province of physicians both by law and professional training.

As a member of the health team, we are an intermediary, serving both the doctor and the patient. Our job is to compound your prescriptions carefully and promptly.

## Era of "Goof-Offs" and "Half-Doers" Must End

Lack of desire to do the real job of work that should be expected, or to assume full responsibility of good citizenship, on the part of far too many people, has become much too noticeable in many parts of our nation during our "flush" years of prosperity.

As a result there is wide - spread comment from serious observers to the effect that our country has undergone a "let-down" which has affected the morale of a great segment of our people.

Recently one of the nation's top advertising men, Charles Brower, in addressing a convention of the National Sales Executive organization declared that the United States is "going through the great era of the goof-off, the age of the half - done job."

In deploring the apparent lack of "pride of accomplishment" such as many "old-timers" used to show in efforts to perform the best service possible, no matter how small a job was given them to do, Brower was quoted as making this comment:

"The land from coast to coast has been enjoying a stampede away from responsibility. It is populated with laundry men not much interested in how they iron shirts, with waiters who won't serve as well as they could, with carpenters who will come around someday maybe, with executives whose mind is on the golf course, with teachers who demand a single salary schedule so that special achievement cannot be rewarded...with students who take cinch courses."

The result of this "great era of the goof-off and the age of the 'half - done job' becomes rather evident on many sides."

Brower is not the only person to pass similar criticism. What he said is reflected in scores of products on the market and in work done by many persons.

Some workmen's hip and inability to stand up staunchly under hard use in many instances, prove a poor testimonial to the genius behind our American productive system.

In many cases in the field of personal services the situation appears even worse.

Why is all this happening? Keen observers say they believe the answer boils down to the fact that the nation as a whole seems to be losing the sense of pride it once had for individual accomplishment. They say that instead, we are becoming a

nation of conformists with our working speed and skill tailored to match that of the least skillful and the slowest producer.

Some blame labor unions for their influence toward this trend. They ask that when rates of pay become standardized, what incentive is there for a really good carpenter, for instance, to do any better job than a wood - butcher he might be working next to, and who gets the same pay as he does? What incentive is there for a good stone mason to perform at his top efficiency when in so doing he will only bring down on his head the wrath of fellow masons who can't do as good a job and who, therefore, want all masons reduced to the same output each day so they won't be shown up for the poor craftsmen they are? Why should anybody, in fact, strive for greater skills and greater efficiency in a nation where mediocrity is so well - rewarded and real accomplishment often penalized?

There are exceptions to all these situations, of course. There are still people who enjoy giving their best effort for the sake of doing a good job, whether or not they get extra money or special praise. However, even with them they must feel a sense of "what's the use?" at times when the fellow who does less gets as much credit as the best. They feel that the industrious are being penalized for the benefit of the wastrel.

When government adopts the practice of paying farmers for not producing; when it encourages idleness by putting unemployment benefits on a "dole" basis, and when it takes the tax money of hard-working Americans to boost the living standards and reduce the taxes of foreigners, then it is no great wonder that so many people begin to grow pessimistic as they look to the future.

A lot of people have been deluded into believing that this era of the "goof - off and the half - done job" can be stretched out interminably with no harm done. There are Union leaders even now dreaming of a 30 - hour week with 40 hours of pay. It makes a nice dream, to be sure, but somebody has to foot the bill and once everybody joins the "goof - off and half-done job" parade, where are the suckers going to be found who eventually are willing to foot such a bill?

## Formosans--and Chinese

The Herald - Stateman of Yonkers must have a TV guide who possesses the gift of clairvoyance. In a Saturday newspaper, he writes a critique about an interview between Chiang Kai - Shek and an NBC reporter which was to be shown on the following Sunday.

This TV lister's comments give him the stature of a political reporter. It is a new example of editorial slanting off the editorial page. This is the comment: "2:30 - 3:00 (4) Chiang Kai-Shek Interview. The Generalissimo (sic), who scrupulously avoided answering most of the pertinent questions put to him by NBC's interviewer, emerges as a rather forlorn figure, advocating what now seems more fanciful notions, devoid of any political reality. Worth your attention, if only for the added understanding it gives the viewer of this infrequently interviewed person a little."

I watched that broadcast, having a deep interest in my old friend, Chiang Kai - Shek, and in his wife, Meiling Soong. I have forgotten the name of the NBC interrogator, who came down from Tokyo to do the job and was much too excited, and the questions asked, I would say as a reporter of 40 years of experience, were mediocre.

The NBC announcer insisted that they had asked Chiang a number of questions in advance which he declined to answer, one of which he described as "impolite," which it was.

Most of the time of this interview seemed to be taken up with a tourist view of Formosa and with a discussion of the differences between Formosans and Chinese which displayed an unusual lack of knowledge of the history either of Formosa or China.

I recently saw an article in the magazine, "Foreign Affairs," in which somebody who comes from Formosa attempted to establish the nationalistic identity of the Formosans as distinct from the Chinese. I read the article but unfortunately for present purposes, threw it away as not worth

reading. If the NBC folks got their ideas about the differentiation between Formosans and Chinese from that article, they surely went far afield. Or did it all come from the Japanese Foreign Office? Taiwan, as Formosa is called in both Chinese and Japanese, is an island that forms part of a volcanic chain off the coast of China, running from Papua to the Kuriles.

It has been held by the Dutch, the Spaniards, the Japanese and the Chinese at various times. In ancient Chinese annals the island was known as Loochoo and was first described by Ma Tuan-Lin in 605.

The name Formosa came from the Portuguese, Ilha Formosa, Beautiful Island. The Portuguese, who saw the island in 1590, did not occupy it, but incorporated in Dutch charts.

When the Dutch came to Formosa in 1623, they found that a considerable Chinese population had already settled there, largely as a result of the fall of the Ming dynasty. The Spaniards also settled on Formosa which they called La Santissima Trinidad, The Holy Trinity.

A Chinese pirate, Koxinga (Chen Kung), attacked the Dutch in 1667 and took possession of the island. In 1683, China made the island part of Fukien province which it remained until the Sino-Japanese War (1895) when it was ceded to Japan.

By George Sokolsky

Before Chiang Kai-Shek came to Taiwan, its population was aboriginal, Chinese and Japanese, with the Chinese prevailing. Most of the Chinese came from Fukien province, the dialects of which are different from both Mandarin and Cantonese.

Nothing much is known about the aborigines although linguistically, they seem to be partly Malay, partly Chinese, partly Polynesian. Some were until recently head-hunters. Many of the tribal mores related to head-hunting, a custom which the Japanese fought during their tenure.

From both an ethnological and linguistic standpoint, Formosa or Taiwan is fascinating because it seems to have been a constant refuge for stray peoples.

Among the Chinese who came to Formosa during the Ming and Ching dynasties were Haklos and Hakkas. The Hakkas who came from Kwangtung province in China (Canton) are a non-Chinese race who have lived in China for many centuries and whose origin is not known.

Now that China is a republic, they do not like to be regarded as different from other Chinese. At any rate, no one can historically, linguistically or racially find much to justify today a distinction between a Formosan and a Chinese, particularly a Chinese from Amoy in Fukien province.

"Has my mother been turned in yet?"

## Diet and Health

Motherhood Possible Despite Weak Heart

By HERMAN N. BUNDESEN, M. D.

MANY women mistakenly believe that because they have, or have had, heart disease they cannot bear children. Unfortunately, this widespread idea has deprived many a woman of the happiness of motherhood.

The truth is that heart disease need not necessarily be a bar to pregnancy. In certain few cases, of course, giving birth could be very dangerous to a woman suffering from severe heart trouble. It could be, and has been, fatal in some instances.

Your Case May Differ I don't want any woman to go through life under the impression that you can never become a mother just because your heart isn't quite as it should be. Your case might be entirely different from the next one. Only your doctor can decide whether pregnancy might harm your heart.

There is no question that pregnancy causes some work for the heart. During the first three months, this extra work load is not too great. As time goes on, each week the heart must work harder and harder since blood must be pumped to supply the unborn child as well as the mother.

Extra Duty There is no letup in this extra duty the heart must perform until about the eighth month. Day and night, every minute, every hour, the heart has to pump harder.

For some women with heart conditions this would be too much of a strain. For others it would not.

© 1958, King Features Syndicate, Inc.

Generally, a doctor will base his decision on whether a heart patient can successfully have a baby upon the following conditions:

1. Amount of enlargement of the heart. The more serious conditions usually produce greater enlargement.

Exercise Pattern Amount of exercise the woman can perform without causing heart difficulties. If a normal exercise pattern can be maintained, the better the chance for a successful birth.

2. Presence of symptoms indicating heart damage. From these symptoms a doctor might be able to determine the advisability of having a baby.

Any irregularities of the heartbeat. Combined with the other factors, the heartbeat pattern will help in the diagnosis of the seriousness of the heart condition.

Be wise and be safe. If you have a heart condition, check with your doctor about the advisability of motherhood.

QUESTION AND ANSWER G. M.: Is there any chance of an enlarged liver returning to its normal size?

Answer: It all depends upon the cause of the enlargement. If it is due to heart disease, once the heart disease is corrected, the liver enlargement usually clears up. The same applies to liver infections in most instances. However, if the enlargement is due to cancer or to cirrhosis of the liver that has remained untreated too long, the enlargement usually persists.

## You're Telling Me

By WILLIAM RITT

An English inventor claims he has perfected a device that will emit suitable aromas from a TV set during the showing of a television program. It'll be quite an engineering feat to give some of those old, old, old movies fresh fragrance.

It could be embarrassing to some of our would - be video actors to try to emote while the living room is filled with the odor of fresh ham.

However, the prospect of "smellvision" seems less alarming on learning that it's inventor is a fellow named Rose.

The town of Wigan, England, we read, has a law (on the books

since 1677) which forbids the issuing of a summons on the Sabbath. What a break this could be for those speeding Sunday drivers!

Fellow reporting he'd spotted the Loch Ness sea serpent says it has a head like a sheep. Just another wild and woolly yarn?

Round Table, the race horse that's won nearly \$1,000,000 in purses, seems to specialize also in round numbers.

It's predicted ocean liners of the future will carry up to 10,000 passengers on a single voyage. There goes into discard that poetic phrase - "the vast and lonely deep."

## DISPERSAL SALE

REGISTERED HEREFORD CATTLE ORLETON FARMS, LONDON, OHIO MONDAY, JUNE 9, 10:00 A. M.

Dispersing one of Ohio's largest and best Hereford herds. Plus guest consignment from George E. Elliott & Sons, Milford Center, Ohio.

320 HEAD—Over 137 cows with calves at side. 7 bred heifers; 12 open heifers; 5 outstanding herd bulls; and 20 grade cows and heifers. The offering includes a large number of today's popular Colorado Domino bloodlines.

Livestock equipment sells promptly at 10:00 A. M. For catalogs write to SAM B. MARTING, SALE MGR., MARTING SALES SERVICE, WASHINGTON C. H., OHIO.

Sale at Orleton Farms, 10 miles north of London, Ohio, 2 miles west of intersection of routes 29 and 38, on route 29.

## National Flower: Dandelion

By Hal Boyle

NEW YORK (AP)—If America is to wear a national flower in its buttonhole, why not make it the dandelion?

Congress is periodically petitioned to name an official U.S. flower, but so far has ducked a vote. This issue could cause a lot of statesmanlike heads to roll — like petals at the first frost.

Garden lovers are a passionate folk. Knock their favorite flower, and it's worse than kicking their dog around. The angry sap rises in them. The wise politician realizes that picking a national flower could easily lead to a floral war between the states.

Rig'it now there are two lobbies besieging Congress — some ladies from Atlanta, ardent advocates of the rose; a Midwest contingent who thinks the corn tassel should be the tossing symbol of our land.

The rose lovers, of course, are strictly traditionalists and are the kind of people who pick the New York Yankees every year to win the American League pennant.

Against them is the opinion of many that the rose is a garden snob and not democratic enough to represent America. The corn tassel crowd claims

that the corn tassel is as American as Pocahontas and, furthermore, is the bright harbinger of two of mankind's greatest pleasures — bacon and bourbon. One criticism against it: It is almost as symbolic of a single region, the Middle West, as cotton is of the South.

The big problem Congress faces in selecting a national flower is how to avoid showing regional favoritism.

If it names the official flower of one state, it by implication offends the other states.

The only remaining possible choice is the dandelion, the golden democrat of lawn and pasture. It is the true all-American flower, a rugged individualist that stands above class or creed. Or local partisanship.

It exports its seeds in clouds of white paratroopers that enrich with new beauty the backyards of the poor and the estates of the mighty. It is the stubborn friend of all. You can't even force this pal to leave you.

In good times you can admire its loveliness. In bad times, or good times, you can make wine from its blossoms, salad from its leaves, all kinds of medicines and a substitute coffee from its

roots. It is beloved of children. You can hold its yellow glory under your best girl's chin and tell it she likes butter.

The easy way out for Congress is to vote the dandelion as the U.S. national flower — by acclamation.

## Turncoat

INDIANAPOLIS (AP)—If Raymond O'Donnell can't beat 'em, he'll join 'em. In the police station to pay three parking tickets he accumulated within the space of a few minutes, O'Donnell took time to file his application to join the force.

**Polio Victim Graduates as Honor Student**

LEXINGTON, Va. (AP)—A 21-year-old honors student from Washington, L. C., mounts the platform at Washington and Lee University today to deliver the annual graduation message.

For John Monk Larson it will be more than just the final bright touch on an outstanding college career. It will also be the high point in a 13-year battle against polio.

And, says Larson, had it not been for his handicap, he might not have done so well in college. Outside interests would have encoached on the time he devoted to studies, he says.

Larson was stricken in 1945. He lost the use of both arms but had some control of his right hand.

His affliction did not stop him from graduating from St. Albans School in Washington with honors. At W&L, as a political science major, he received only one "B" in an otherwise all "A" report. He was elected to Phi Beta Kappa scholastic fraternity in his junior year.

This summer Larson will be tutored in French and German and next year will attend the Yale University graduate school on a scholarship. He hopes to continue his work toward a Ph.D. and eventually teach.

There are some 43 classes of roses, and over 4,000 varieties—and that is something to think about. It certainly attests the popularity of roses in general. Is it any wonder no flower garden can be complete without roses?

The roses is the floral emblem of England, and the wild rose is the state flower of New York, North Dakota and Iowa.

What the Indians knew about the healing and curative powers of some of the plants that grew abundantly in the woods here in Fayette County might really surprise us.

It is known that they used numerous herbs for treating wounds and ailments.

One of these plants which is still recognized as of great value as an astringent and healer generally, is the common yellow root, yellow puccoon, ground raspberry, Indian Paint, or golden seal. The botanical name is Hydrastis Canadensis.

It is still to be found in isolated woods in the county, although I have not seen it growing native for a great many years. I have found it in several places in the hill areas.

Pioneers and succeeding generations used yellow root for sore

mouth, sore throat and a multitude of other things. It probably saved lives of many early woodsmen.

The Indians used it externally and internally for different complaints and found it a quick healer for sore legs, and many other external ailments. They also used it for paint and dye, and the stain left remained almost indefinitely.

Some folks used it for sore eyes and considered it a general healer all.

From "Howards Domestic Medicine for the People" by H. M. Rulison, a very old medical book whose pages are yellowed with age, I quote the following:

"The golden seal is a powerful and valuable herb, highly useful in cases of debility and loss of appetite. It may be used alone or combined with tonics. Very useful during recovery from fevers, for dyspepsia or any other complaint, to remove the heavy disagreeable sensation often produced by indigestible food, by taking a teaspoonful in hot water sweetened.

"It is also employed by Dr. J. T. Wells as a remedy for inflammations, for which purpose he considers it highly valuable. Used both externally and internally, in powder or decoction."

Twenty years ago Plans were made to have the county commissioners supervise all relief work.

Jeffersonville, Bloomington and New Holland were soon to be cut over to complete the automatic telephone system. Milled gville had had the complete automatic system for some time.

Rainfall during the month of May was 6.71 inches, or 2 1/2 inches above normal.

An airway along the west side of the Passmore building, along the Fayette St. sidewalk, was to be closed and cemented over for the first time. It had long been a

dangerous open basement stairway.

More than 100 men were working on the new water works plant at Jeffersonville.

Washington C. H. High School graduated a class of 102 seniors.

The Gwinn Co. grain elevator on S. Fayette St. was nearly completed.

Fred G. Rost became commercial manager of the Bell Telephone Co. here.

Fayette youths were being sent to CCC camps at various points in Ohio. Thirty-two such camps had been established.

Harry A. Fitzgerald died at the age of 73 years.

A \$40,000 road resurfacing project started in the county was to use 180,000 gallons of tar and 8,500 tons of crushed stone.

Ten classes have been set up by the committee and 26 teachers appointed to conduct them. They are: 3-year-old boys, Mrs. India Hooks and Mrs. Audrey Miller; 3-year-old girls, Mrs. Alice Beedy, Mrs. Gail Smith and Miss Zonia Hooks; 4-year-old boys, Mrs. Bonnie Hill, Mrs. Maude Hidy and Miss Barbara Anthony; 5-year-old boys and girls, Mrs. Pauline Foy, Mrs. Marjorie Merritt and Mrs. Dolores Melvin; first primary, Miss Judy Brooks, Miss Sharon Grubb and Mrs. Annalee Anthony; second primary, Mrs. Joleen Kelly, Mrs. Irene Sheridan and Mrs. Bonnie Creamer; third primary, Mrs. Lucille Brooks and Mrs. Bernice Brooks, fourth primary, Mrs. Margaret Willis, Mrs. Beulah Huffman and Mrs. Jean Avery; fifth and sixth juniors, Mrs. Winifred Naylor and Mrs.

Phyllis Minzler; seventh and eighth teenage, Mrs. Irene Grubb and Mrs. Lucille Arnold.

Mrs. Lucille Arnold is the music director and Miss Sharon Grubb is the pianist. Miss Peggy Beedy is the devotional leader and Mrs. Jean Avery is in charge of the refreshments.

A program will be given at 7:30 p. m. on June 15 by the young people who attended the school.

Port Tobacco, Md., was really named for Indian Queen Potopaco. But, it sounded like Port Tobacco to early white settlers.

Washington C. H. Ohio

## Madison Mills WSCS Meets In Wilson Home

Mrs. Homer Wilson was hostess to 15 members of the Madison Mills Women's Society for Christian Service Wednesday afternoon.

Mrs. Kenneth Stoer, president, opened the meeting by reading a poem.

Mrs. A. E. Dawson, devotional leader, used as her topic "Changing Patterns in the March of Missions." She read the Scripture and gave the Indian version of the 23rd Psalm.

Hymns were sung by the group and prayer was offered in unison. A playlet entitled "Just One Woman" was presented by Mrs. Forrest Fry, Mrs. Wayne Shobe and Mrs. Walter Butcher.

Pledge cards were distributed during the business session.

Mrs. Stoer welcomed the new officers and thanked the outgoing officers for their assistance this past year.

It was voted a contribution to the Madison Mills MYF for the Lancaster Camp fund.

A dessert course was served to Mrs. Wilbur Allemang, Mrs. Butcher, Mrs. Dawson, Mrs. Leland Dorn, Mrs. Kenneth Campbell, Mrs. Damon Merritt and son, Keith, Mrs. Stoer, Mrs. Dwight King, Mrs. Glenn Hidy, Mrs. Fry, Mrs. Frank Barrett, Mrs. Birtus Thornton, Mrs. Wayne Shobe and Mrs. Florence Shobe.

The next meeting will be held in the home of Mrs. Bessie Seaman.

## Mrs. Willis' Students To Present Recital

Piano students of Mrs. Robert E. Willis will present a recital in the First Baptist Church, North and East Sts., at 8 p. m. Friday.

Miss Karen Ware will have charge of the program.

Miss Hannah Case and Miss Katherine Sagar will usher.

The public is cordially invited.

American Assn. of University Women meets in Parish Hall of St. Andrew's Church for annual dinner, 6:30 p. m. Martha Washington Committee, DAR, meets in the home of Mrs. Willard Bitzer for annual picnic, 6:30 p. m.

Phi Alpha Class of First Baptist Church meets at the church for annual picnic, 6 p. m.

Royal Chapter, Eastern Star, meets in Masonic Temple for regular meeting, 7:30 p. m.

### TUESDAY, JUNE 10

Madison Mills Home Builders Class meets with Mr. and Mrs. Albert Schmidt, 8 p. m. Comrades of Second Mile meets in St. Andrew's Episcopal Church for annual dinner, 6:30 p. m.

Lioness Club dinner meeting in Country Club, 7 p. m.

Loyal Daughters Class of First Christian Church meets in church social room, 7:30 p. m.

BPO Does meet in Elks Lodge room for business meeting, 8 p. m.

### WEDNESDAY, JUNE 11

Circle IV of Grace Methodist Church meets with Mrs. Elmer Davis, 2 p. m.

## Bookwalter Group Meets Thursday

Members of the Bookwalter Willing Workers Class assembled in the home of Mrs. Russell Garlinger for their regular meeting Thursday afternoon.

Mrs. Bernard Edwards, president, conducted the business session.

A tribute to Mrs. Martha Allen Robinson was read by Mrs. Clayton Whiteside.

The devotion and program were led by Mrs. William Allen.

Refreshments were served by Mrs. Garlinger and the assisting hostess, Mrs. James Allen.

Mrs. Hobart Coil, Mrs. Don Coe, Mrs. Marie Runyan and Mrs. Cyrella Kay Sollars were guests.

The remainder of the afternoon was spent counting sales tax stamps.

## Circle II Holds June Meeting

The June meeting of Circle II of the Women's Assn. of First Presbyterian Church was held in the home of Mrs. C. V. Sexton Wednesday afternoon.

Preceding the business session, a dessert course was served by Mrs. Sexton, assisted by Mrs. Forest Tipton, Mrs. Darrell Williams, Mrs. James Yates, Mrs. Arthur Leland and Mrs. Carrie Deere.

Mrs. Kenneth Craig, leader, opened the business meeting with prayer. She read from the Year Book of Prayer, "God Loves the World," and offered prayer for all missionaries.

Mrs. C. H. Thoroman, spiritual life leader, gave a review of what the circle had previously studied this year from the book, "Meet Dr. Luke," and reviewed two new chapters.

Mrs. Williams presented a very interesting article on Menaul School, an Indian school in New Mexico. It is now a co-educational college.

Attending the meeting were 21 members and two guests, Mrs. H. L. Osborne and Mrs. Bruce Carpenter.

## Circle IV-V Enjoy Puerto Rico Pictures

Mr. and Mrs. Ormond Dewey showed moving pictures taken during their visit to Puerto Rico when members of Circle IV and Circle V of the Women's Assn. of the First Presbyterian Church assembled in Westminster Hall for a combined meeting Wednesday night.

Mrs. Clark Gossard, leader of Circle IV, presided and opened the meeting with Scripture reading and prayer.

Mrs. Russell Giebelhouse read an interesting article on the Marina Neighborhood House and told of the missionary work being accomplished on the Island of Puerto Rico.

The Bible Study on "Meet Dr. Luke" was presented by Mrs. William Allen.

Circle members were asked to take good clean used clothing to the Church House during June. The clothing is to be packed and shipped for overseas relief.

Hostesses for the serving of refreshments were Mrs. W. E. Klevner, Miss Vera Veal, Mrs. Lydia Williams, Miss Clara Davis and Mrs. Orville Jenkins.

## Miss Cottrill To Be Bride Of Mr. Garringer

MISS SUE COTTRILL

Mr. and Mrs. Carl Cottrill, Route 3, announce the approaching marriage of their daughter, Carolyn Sue, to Mr. Richard Lee Garringer, son of Mr. and Mrs. Glen Garringer, Route 6.

The bride-elect, a 1956 graduate of Washington C. H. High School, is employed at the Midland Grocery Co.

Mr. Garringer attended Wayne High School and served three years with the U. S. Army two of which were spent in Germany and France. He is now employed by the Fayette County Highway Department.

The wedding will be an event of Friday, July 4, in the home of the bride-elect.

## Combined Circles Hold Meeting Wednesday

Twenty-one members of the Combined Circles of the Jeffersonville Methodist Church assembled in the church Wednesday afternoon for their regular meeting.

Mrs. Roy Fuels, president, conducted the business session. It was voted to add Mrs. Helen Broberg's name to the memorial list.

Mrs. Warren Williams was in charge of the worship table.

A report on the children's missionary work was given by Miss Helen Fuels.

The program, led by Mrs. Fred Conner, was opened with the group singing of a hymn. Mrs. Conner read the Scripture and articles.

The meeting was closed with a prayer by Mrs. Fuels.

Refreshments were served by members of Esther Circle with Mrs. Carroll Ritenour in charge.

## Mrs. Riley Hostess To Mail Bag Club

Mrs. Lovey Riley entertained members of the Buckeye Chapter of the International Mail Bag Club in her Bloomingburg home Thursday night.

Mrs. Dale Merritt was program leader for the evening.

Another shut-in was added to the list which made a total of five.

A dessert course was served by Mrs. Riley to eight members and three guests, Mrs. Tom Stultz, Master Dale Allen Merritt and Miss Susie Wilson of Sabina.

The July meeting will be held in the home of Mrs. Ernest Fout.

## Gets Federal Loan

WASHINGTON — A \$2½ million loan to Kent (Ohio) State University was announced today by the Community Facilities Administration.

The money will finance construction of two three-story dormitories to provide housing and dining facilities for 375 men and 375 women students and six managers.

## 4-H Club Activities

### WAYNE WONDER WORKERS

A picnic to be held July 10 at the home of Pat Parker was planned at the recent all-day meeting of the Wayne Wonder Workers at Wayne Hall.

The meeting was opened by vice president Jackie Pope until the arrival of the president, Karen Thompson, at which time it was turned over to her. The 4-H and the American pledges were repeated. Group singing, accompanied at the piano by Judy Garlinger, was enjoyed by all.

It was learned that judging of all club projects will be July 7 at the home of Mrs. Willard Bonham. This is to be a pot luck luncheon.

A health program was presented by senior health leader Pat Parker entitled "A Girl's Figure." This was demonstrated with the use of folders and booklets.

Our next meeting will be June 11 at the home of Mrs. Eugene Thompson. It is to be a wiener roast, with the entire meeting devoted to working on projects.

The members enjoyed their sack lunches, with beverages furnished by advisors, followed by games and working on projects. The advisors are Mrs. Eugene Thompson and Mrs. Willard Bonham.

Karen Newman

### LUCKY LEAF LIVESTOCK CLUB

The fifth meeting of the Lucky Leaf Livestock Club was held at the home of Billy Douglas, Tuesday night.

Before the meeting started, Billy gave a demonstration on how to feed and groom a pig.

Because the president, Bob Belt, was absent, Carol Grim took his place. There was no secretary's report because Mary K. Reeb, was absent. The roll call was read by Freda McGowan because her sister, Eloise, was absent also. Eleven members answered the roll call.

The advisor, Jess Schlichter, said that the group would choose the healthiest Junior and Senior boys and girls next meeting.

After the meeting was adjourned, the group sang songs, led by Carolyn Grim.

The next meeting will be held at the home of Eloise and Freda McGowan.

Jonnie Schlichter

### Baptist Student Heads Roman Catholic Group

PROVIDENCE, R. I. — The Roman Catholic Students' Scholarship Society at Providence College has been headed for the last year by a Baptist.

Larry W. Childers of Rock Hill, S. C., served as president this year of Theta chapter of Delta Epsilon Sigma, the honor society of Roman Catholic colleges.

Childers graduated with honors this week. He attended Providence on a scholarship.

## Vacation Bible School Plans Program and Tea

The Bloomingburg Methodist Church Vacation Bible School will present a program at 8 p. m. Friday in the church.

Immediately following the presentation there will be a tea in the church social room.

## Robert Howard Honored On Eighth Birthday

Mr. and Mrs. Imel Howard entertained with a hamburger fry at their home on the Hess Rd. for their son, Robert, who was celebrating his eighth birthday.

Sack races highlighted the games played.

Favors of marbles and sand shovels were presented to each guest.

Mr. and Mrs. Howard were assisted by Mr. and Mrs. Ray Miller and the guest of honor's older brother, Roger, in conducting games and serving refreshments.

Homemade ice cream and cake were also served.

Guests attending were Greg Miller, Norman Thomas, Jeffrey Thompson and Johnny Wood.

## Personals

Mrs. L. L. Brock and her granddaughters, Electa and Melissa Brubaker, 411 Rawlings St., are visiting in Worthington with Mr. and Mrs. W. B. Daugherty and children, Bill, Betsy, Becky and Brock.

## First Meeting Held By Staunton HD Club

The newly organized Staunton Home Demonstration Club held its first meeting in the home of Mrs. Clarence Dewees Wednesday.

Mrs. Gene Clay, club president, conducted the business session which was devoted mostly to looking through craft catalogues and discussing what the first project would be.

It was decided to start with making copper planters and orders were made out for the necessary materials.

A discussion was also held on the women's camp, which several of the members plan to attend.

The next meeting will be held in the home of Mrs. Clay.

Refreshments were served picnic style at the close of the meeting.

# Fear of New Inflation Said To Be Rising

Another Basic Price Boost Held Inevitable By Some in Business

By SAM DAWSON  
NEW YORK (AP) — Fear of more inflation is rising today in spite of the industrial recession. Some businessmen are calling another rise in basic prices inevitable even if the slump hangs around for awhile. Still more—and these are particularly numerous in the stock market — think the business upturn, when it comes, will start off a fresh and perhaps vigorous inflation revival.

Here are some of the factors they see keeping the inflation issue alive today:

Wages of many workers are going up, even though their industries may have much idle production facilities. Some of these wage boosts are written into existing contracts and some are in process of negotiation.

Steel executives are saying the automatic wage boost July 1 calls for a price rise to meet it. Enough steel users believe a price hike is coming to have boosted their orders this month to beat it and this has caused steel output to bounce back from its low point.

A wage hike of around 25 cents an hour is coming Aug. 1 in the aluminum industry. And some executives are now warning that this cannot be met without a price increase too. Here also there is a question of making a price hike stick.

Auto wage negotiations are stymied at the moment. But the companies have offered to extend the expired contracts for two more years. These have built in annual wage increases as well as cost of living pay boosts when the government index rises far enough. The auto union wants even more than this.

Whatever new contract is finally negotiated it seems most likely that some wage increase will be included. And what happens to car prices then?

One inflationary factor that seems certain now is the rise in government spending, to be financed on borrowed money. The Treasury deficit in the new fiscal year about to start is expected to reach or top 11 billion dollars. This means that the government will be pumping into the economy by its spending some 11 billion dollars more than it will be taking out by taxing.

It was out of this sort of government spending in the war and postwar years that the seeds of the inflation in the 1940s and '50s were sown.

## Road Builders, Cement Finishers Sign Pact

COLUMBUS (AP)—A one year-contract agreement providing a 12½-cent hourly pay increase for cement finishers employed on Ohio road building projects has been reached by the Ohio Contractors Assn. and the Cement Finishers Union.

The increase raises minimum wages to \$3.22 an hour for workers in the southern half of the state, \$3.42 in the northern half except for a four-county area around Cleveland and \$3.62 for workers in the Cleveland area, a spokesman for the contractors said.

The tallest lighthouse in the U. S., rising 208 feet, is on Cape Hatteras, N. C.

## Youth Club Activities

### IKICAGA CAMP FIRE GIRLS

Let's take a hike!  
The Ikicaga Camp Fire Girls did just that, hiking one mile from leader Mrs. Bart Mahoney's home, 724 Yeoman St., to the Washington City Park. Girls took "trail lunches" with them.

Relay races were enjoyed. The girls were rewarded for the work done at last month's carnival by a free treat at the swimming pool concession stand.

Members who went on the hike were Carol Witherspoon, Gloria Hall, Linda Satchell, Shirley Lanrum, Sandra Matson, Christa Boyd, Pattie Crissinger, Corinne Cobb and Sally Smith. Mrs. R. Witherspoon, Dick Witherspoon, Joan Smith, Paddy Mahoney and Rita Himmiller were guest of the Camp Fire Girls on the hike.

After the hike the girls went to the candy factory — a visit which they enjoyed very much.

Sally Smith

## Modern Mother's Hero Said To Be Virile Cowboy of TV

NEW YORK (AP)—Mother has moved right into junior's footsteps and adopted the American cowboy as her hero symbol, TV producer Ted Rogers says.

Rogers has been thinking long thoughts on the subject in preparation for his Wide World study of that entertainment form this Sunday.

"Women," says Rogers, "like Westerns because cowboys are

probably one of the last examples of the individual being more important than the group. To them, it is the cowboy versus the organizer man.

"She looks at her TV screen, and then she looks at her husband, with an apron tied around his paunch, helping with the dishes."

"The cowboy is masculine, virile, decisive, possessive. When he has problems, he just pulls out his gun and settles the matter. If he doesn't like his job or his town, he just climbs on his horse and rides into the sunset."

"But if her husband doesn't like his boss, he can't shoot him. He just goes around mumbling and grumbling and getting ulcers."

The American woman too, resents her own situation, Rogers adds.

"She wants to be the woman of the West," he says flatly. "That woman was the center of attraction and men were competing for her favors—there were so few of them, you know. She wants to be fought over. She wants to contribute something. She knows that she should go and push the button to start the washing machine,

but she really wants to stand by the broken window loading the carbine for her husband or hold the villains at bay with a Colt .45 while her admirer finds the mortgage that is going to save the ranch."

Rogers, who has looked long and hard at old motion pictures and done hours of studying insists that the real adult Western—as opposed to the old-fashioned kiddy

show Western—is "one in which you really care about what happens to the characters."

"The good ones, with good story lines and values, are the ones which are going to last," he says. "You just can't beat entertainment that combines a good story, action, masculinity, morality symbols and outdoor grandeur—and appeals to everybody in the family."

## 4-H Club Activities

### LUCKY 7 HORSE AND PONY CLUB

Lucky 7 Horse and Pony Club met at the home of Carol Sue Spears May 28. We all viewed her pony project before dark.

A demonstration was given by our leader, Mr. Price, on proper clipping and grooming of a yearling colt. The pony was saddled and bridled for the first time.

The meeting was called to order by Patty Sears, as our president was in Washington D. C. Minutes were read and approved. Roll call was given by naming a part of a horse. We all decided to march on horseback in the Jeffersonville Memorial Day Parade. Plans were made. Games were played and refreshments were enjoyed.

The remainder of the evening was spent making our club flag for the parade. Next meeting is to be held at Linda and Shirley Walters' home June 11. The meeting was adjourned.

Phil Price

### JUNIOR SHEPHERDS CLUB

The regular meeting of the Junior Shepherds' Club was opened by the Pledge to the Flag led by the vice president Jimmy Klever.

Mr. Alvin Sexten led discussion on dipping sheep and the reason for and results of dipping. The club discussed various other problems that must be met in raising, showing, and selling sheep.

Mr. Sexten served refreshments. The meeting was closed. The next meeting is to be July 7.

Bud Ritenour

### WAYNE SNIPPER SNAPPERS

The Wayne Snipper Snappers' meeting was called to order by Becky Hollis. Becky Herbert led us in the 4-H Pledge, secretary Judy Gesling gave her report and the treasurer Ann King read her report.

Linda Jane Kellenberger gave a talk about the First Aid Kit. Mary Lou Thompson led us in singing "My Bonnie."

Mary Jo Morris

### AMBITIOUS FARMERS OF "58"

The fifth meeting of the Ambitious Farmers of "58" 4-H Club was held May 29, at the Jeffersonville High School.

The meeting was called to order by president, Bud Ritenour. Dick Davidson led the 4-H Pledge.

Dick Cline, secretary, read the minutes of the previous meeting. Eleven members answered roll call by telling their age.

Next meeting will be June 13, at the Jeffersonville High School. Refreshments were served by Judy Smith.

Judy Smith

### BELLA DONNAS 4-H CLUB

The Bella Donnas held their twelfth meeting May 28 at Linda Miller's home.

The meeting was opened by Mrs. Craig and Mrs. Carman, our advisors, leading us in the Pledges.

Roll call was given by Barbara Olinger. The title was "What they have done on their projects." Treasurer's report was given by Wanda Cook.

Important dates are: Bella Donnas 4-H judging—July 10, 8:30 a. m. at Eber School; July 17—secretary's, news reporter's and Jr. Leadership Books due in office.

We have decided to go on our tour at the Pennington Bakery and Singer Sewing Machine Company.

We all worked on project books. Refreshments were served by Linda Miller's mother.

A Soft Ball game served as the

meeting's recreation. Next meeting will be at Mrs. Walter Carman's house at 1:30 p. m.

Linda Miller

### JOLLY JUMPERS

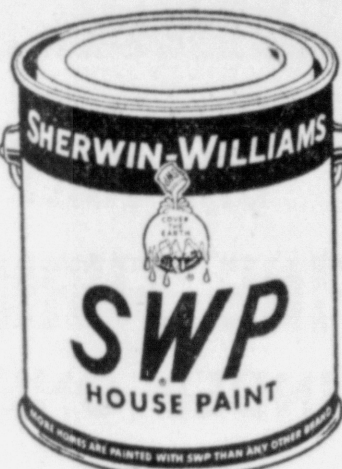

The Jolly Jumpers met at the home of Sharon Coe. Sharon Coe called the meeting to order. Nancy McClung led the song of "I'm Looking Over A 4-H Clover." Patty Williams read the minutes and called the roll. Mary Jo Strong read the treasurer's report and collected dues. Phyllis Morgan read the health report. Artia Moats read the safety report.

Betty Spettigue attended as a guest. Sharon Coe served refreshments. The next meeting will be June 14.

Donna Schneider

### THIMBLE SISTERS

The members of the Thimble Sisters 4-H Club held their regular meeting at the home of their advisor, Mrs. Elsie M. Lucas, on Monday. Paulette Pennington opened the meeting with the 4-H Pledge. The secretary's and treasurer's reports were given. The members answered the roll call with the name of their favorite song. The members decided not to have another community project this year. Joy Lucas reported that they may be able to take a tour through the N.C.R. Plant in Dayton. She is going to check into it further to see if they can go sometime in August. More than half of the members reported they had begun their projects. The members decided to continue meeting on Mondays at 4:00 and, in addition, to meet on Thursdays. Ann McDonald will give a demonstration at the next meeting, and Paulette Pennington and Ann McDonald will bring refreshments.

## Sonja Henie's Ice Skates Still Flashing over Rink

By BOB THOMAS

HOLLYWOOD (AP) — You'd think that Sonja Henie would want to hang up her skates forever.

Yet she's on the ice again. In fact, she has been up at 6 in the morning to skim over the rink at the Pan Pacific Auditorium for three hours.

"It was the only time I could get the ice," she explained. The auditorium was on a 24-hour schedule, with one ice show appearing there and two others rehearsing.

Why all this activity on Sonja's? After the assignments were made, the meeting was adjourned. Delicious refreshments brought by Judy Lundberg and Barbara Byron were served.

Barbara Byron

### SCIZZORS WHIZZORS

Sewing projects were the main discussion when the Scissors Whizzors 4-H Club met at the home of Peggy Lininger.

Paula Slagle, the president, opened the meeting. The secretary's reports were given by Carol Hyer. Eight members answered roll call by telling their favorite movie star.

A discussion on camp was held. Five members from the club are attending this camp, held at Camp Clifton.

Recreation was in the form of joke-telling, led by Peggy Lininger, the recreation leader. The meeting was adjourned by the club's standing and repeating the 4-H Pledge and the Pledge to the Flag.

Light refreshments were served by Peggy Lininger, assisted by Paula Slagle.

Reva Fackler

part? She's leaving for Europe to film a 90-minute TV spectacular that might be the start of a series.

Sonja plans to go to Brussels, where she has an ice show appearing at the World's Fair. She'll rehearse the musical numbers there, then transport the company to London to film them. Afterward the story part of the spectacular will be shot around London.

"If the show is a success, we'll do others in various other big cities of the world," she said. "The films will be made in color, so there is the possibility of showing them in theaters, too."

When I marveled at her early-morning practice sessions, she replied that they're not unusual with her.

"I always take at least two months to get into shape for an appearance," she said. "I would not appear if I wasn't in top condition. The public expects to see

you at your best, and I won't disappoint them."

But wouldn't she like to say to heck with it and skip the rigorous routine?

"Sometimes it is hard to get back for the first day or so," she admitted. "But then I find that I enjoy it so that I am happy I returned. I wouldn't do it if I didn't enjoy it."

Sonja indicated she will limit her future work to TV and occasional in-person appearances. "No more tours," she said. "It would be fun to play a couple of cities with a show, but it isn't practical. Costs have risen fantastically. When I first went on the road with a show, it cost \$90,000."

Mrs. Lola Grounds, mother of three children, was recently elected mayor of Sutton Coldfield, an industrial town near Birmingham, England. Mrs. Grounds is one of Europe's top ranking racing drivers.

Now an ice show runs from \$700,000 to \$800,000."

Duke Ellington, internationally known orchestra leader, once worked as a soda jerk in the Poodle Dog Cafe in Washington D. C.

288,000 pounds of dynamite were used to blast a clear channel for boats in Hell's Gate in New York City's East River in 1885.

# Musial-Mays Bat Battle Going at .420-Plus Clip

By THE ASSOCIATED PRESS  
It's a bit early to start talking about batting champs, but junk the calendar and take a look at that battle between Stan Musial and Willie Mays in the National League. It's a .420-plus clip.

Stan The Man, at 37 the "Old Guard" who has won four of his seven hitting titles in the last 8 seasons, is a slumping 426. And Willie, 10 years Musial's junior, has picked up 17 points in three days for a .424 average.

Richie Ashburn of Philadelphia, the next in line, is almost 70 points behind, at 3559.

Mays was 4-for-5 Thursday as the San Francisco Giants salvaged the finale of a three-game set with Milwaukee with a 5-4 victory in 12 innings. It brought them within .010 percentage points of the first-place Braves.

Musial was 0-for-4 against Pittsburgh, but the St. Louis Cardinals swept the three-game set with a

4-3 decision. They leap-frogged the Pirates for third place.

In the other NL games, Cincinnati smacked Los Angeles 8-4 and Chicago Cubs 7-6.

The Giants won on Jim Finigan's double and a single by rookie Orlando Cepeda (who was 4-for-6) off losing reliever Gene Conley, now 0-4. Mays had opened the 12th with his fourth single, but was nailed at the plate by Hank Aaron's peg as he tried to score on Finigan's hit to center.

The Cards scored two unearned runs in the third and bagged it with two in the fourth as Gene Green hit an RBI double and scored on Curt Flood's single. Bob Friend lost his fourth Wilmer Mizell won his third.

Once-beaten Bob Purkey won his seventh and hit his second major league homer for the Reds, who had 13 hits. Don Hoak homered and Frank Robinson had

four hits. Carl Erskine lost his third.

Harry Anderson's three-run double and Stan Lopata's follow-up sixth homer gave the Phils five in a clinching seventh against losing reliever Don Elston (6-3). Ray Semproch (5-4) won it in relief.

Ralph Terry was a long time shaking his slump, but when he finally put it away he won big, pitching and seven-hit, 13-inning shutout.

The Kansas City right-hander who had lost five straight won his third 2-0 Thursday night at Washington as Woody Held's two-run homer scrapped a duel with Camillo Pascual. It was the first victory since April 26 for Terry.

The league-leading New York Yankees split a double-header with Chicago. The White Sox won the second game 3-2 after losing 12-5.

Boston defeated Cleveland 5-3, and Detroit defeated Baltimore 6-3.

Terry, 22, poured it on, walking but three and fanning seven. He gave up a lead-off triple to Pascual in the 10th, then walked a pair intentionally to load the bases and got slugger Roy Sievers to hit into a time-drive double play.

That put Terry over the hump. He didn't allow another hit.

The White Sox won as Sherm Lollar's first-inning homer off loser Bobby Shantz (4-2) and ninth-inning single off Sal Maglie drove in all their runs. Ray Moore (2-1) had a four-hit shut out for eight innings. Don Larsen (4-3) won his eighth in a row since last Aug. 5 and drove in four runs, but could not hold a 10-3 lead in the opener.

Ryne Duren, the Yankees' new-found Rookie of the Year candidate, made his ninth save with 2-3 innings of two-hit shutout relief. Early Wynn was the loser. Mickey Mantle hit his eighth homer, fourth in four days.

Ray Boone's eighth major league grand-slam homer bagged it in the seventh for the Tigers as Hank Aguirre won his second with a two-hit shutout in 8 1-3 relief innings. Billy O'Dell lost his seventh.

Gene Stephens slid home with the winning run on Jackie Jensen's fly ball in a two-run Red Sox eighth that broke a 3-3 tie at Boston. Jensen drove in three runs, hitting his 11th homer with a man on, and Dick Gernert cracked his 10th homer for the Sox. Dick Brown hit a three-run homer for the Indians. Mike Fornieles won his third in relief. Hoyt Wilhelm lost his second.

SHOVELHEADS—six of them—were the catch taken from Big Paint Creek below Bainbridge by Marcus Evans of Roe-Ging Rd., and Homer Evans of 1106 E. Temple St. Biggest weighs in at 27 pounds, and measures 39 inches. Two others, each 30 inches long, weighed 12 and 14 pounds.

## Indians Set For 4 Tilts With Yankees

NEW YORK (AP)—The Cleveland Indians will make their first appearance of the season in Yankee Stadium tonight as they open a four-game series with league-leading New York.

The Tribe was rained out three days in a row on its last trip here.

Manager Bobby Bragan named left-hander Dick Tomaneck as his starter for the opener. He will be opposed by Bob Turley, the league's leading pitcher, who will bid for his ninth victory against one loss. Tomaneck's 1-1 record includes a loss to the Yankees.

Bragan plans to send southpaw Don Mossi and right-handers Ray Narleski and Cal McLish against the Yankees in the other three games—one Saturday and two Sunday.

The Indians came here from Boston, where they dropped the rubber game of a three-game series with the Red Sox Thursday, 5-3. The loss, charged to Hoyt Wilhelm in a relief role, marked the end of the knuckle ball's mastery over the Red Sox.

The winning run scored after Rocky Colavito reached into the right field stands to grab a foul fly hit by Jackie Jensen with runners on second and third and only one out. Gene Stephens, a pinch runner, slid home safely after the catch, barely beating Colavito's long throw. Sammy White then hit a single to drive in the second run of the eighth inning rally.

## Coaches Seek Jobs For Football Team

Jobs—temporary or permanent, part-time or full-time—are being sought for the 40 Washington High School football players by Head Coach Fred Domenico and his assistant, Marvin Merritt.

Domenico said the two weren't expecting too much success, with substantial numbers of adults already on the unemployment rolls, but that he was making every effort possible to find jobs peculiarly suited to his boys.

"We haven't any intention of taking anything away from a family man, of course," Domenico said. He pointed out that "there are a lot of jobs, especially temporary occupations, for which these boys would be better suited."

He said he was particularly interested in lining up his boys for work during hay-baling season, and that he would welcome chances to get them jobs in other forms of heavy work.

The program, which Domenico ran on a small scale last year, is designed "primarily to keep some group identity among the boys during the off-season," he said.

"I'd like to keep the team spirit alive as much as possible," Domenico commented.

He added that "of course, if I can get them jobs doing heavy

## Reds Pepper Big Screen in Los Angeles

SAN FRANCISCO (AP)—The Cincinnati Redlegs are hitting again—hitting the left field screen of the Coliseum at Los Angeles.

Since the screen is only 250 feet away from home plate, that's not exactly what you'd call a tremendous feat. But the fact is the Redlegs did bounce nine hits off the screen in defeating the Dodgers 8-4 Thursday, and added four more to boot, to take the series 2-1.

Bob Purkey went all the way for the Reds to collect his fourth straight victory and seventh win as against only one loss.

Redleg hitters aimed at that left field screen, and two pokes, one by Don Hoak in the seventh and the other by Purkey himself in the second, sailed over. It was Purkey's second homer of his major league career.

Purkey got off to a shaky start. Singles by John Roseboro and Carl Furillo scored two runs and put the Dodgers ahead 2-1.

In the second, Purkey's homer tied the score. But in the Dodgers' half, Charlie Neal made it 3-2 when he singled, took second on an infield out, then scored on a single by Jim Gilliam.

After that Purkey limited the cinder-dwellers to only three hits in the last six innings. Not a Dodger got past second base until Gil Hodges hit his eighth homer of the year with the bases bare in the ninth.

she'll love your looks

## Pittsburgh Track Pilot Is Forced To Retire

PITTSBURGH (AP)—Carl Olson, track coach at the University of Pittsburgh since 1932, is retiring.

Olson will complete his coaching career and step down as head of the physical education department next Feb. 1. A university policy requires retirement at the age of 65. Olson celebrated his 65th birthday in April.

## McMullin Jittery With Dallas Lead

DALLAS (AP)—In 24 golf tournaments this year only one player of 44 who led or tied for the lead in the first round came through with the championship.

Thus jittery John McMullin, the hungry-looking fellow from Fair Oaks, Calif., who has won much less than expenses on the tour, faces some great odds as he sets out today ahead of the pack in the \$25,000 Dallas Open.

McMullin, 23, who lives at Alameda, Calif., and whose wife is expecting at Palo Alto, laid down a 6-under-par 64 Thursday to take the first-round lead. It gave him a 2-stroke bulge three shot-makers—Tony Lema, Napa, Calif.; Doug Sanders, Miami, Fla.; and Gary Player of Johannesburg.

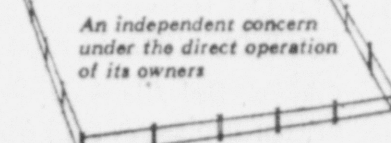

John DeMerit, outfielder who received a bonus from the Milwaukee Braves, is playing with their Atlanta farm team in the Southern Assn.

## What's NEW in BIG M Dry Granular Fertilizers?

Dry granular is no longer new—it's almost a must for the farmer who watches application costs and efficiency. BIG M's better than ever NEW with the recent installation of equipment to screen granules to a completely uniform size to control exact per-acre application. It's also NEW being packed in new 50 lb. bags for easier handling and storage. Finally, NEW we've installed a new bulk mill for quicker bulk loading—all proof of our determination to operate at peak efficiency always. Experts available to help plan your plant feeding program.

## Crappie Anglers Tell Secret After Landing 1,600 of 'em

COLUMBUS, Ohio (AP)—Going fishing? Think you need some points, say, on crappie angling?

Generally, things are going to be pretty good in the coming week-end for lake and stream fishing. That's the view of the fish management section of Ohio Division of Wildlife in its weekly report.

But as for crappie angling, why not listen to Bill Myer and Gordon Yoder, who two Loudonville fishermen who have caught 1,600 crappies in Pleasant Hill Lake since early April.

These two were asked a week ago what their secret was in hauling in the big catches.

Their reply: You have to know the lake you're fishing. They claim they have fished Pleasant Hill almost every day since April and they know where crappies swarm around submerged brushy areas.

"Sometimes we fish two feet deep, other times we have to fish 18 feet deep to catch crappies," Myer said. "But we always fish the choice brushy spots we have pinpointed in the lake."

The management section reported that this spring 24 million walleye fry have been stocked in 19 Ohio inland lakes and 65,000 muskellie fry have been released in 10 lakes.

In central and southern Ohio 6 million walleyes were stocked in Rocky Fork, Hoover and Buckeye lakes; in northwestern Ohio 830,000 were stocked in West Branch, St. Joe River, Maumee River, Sportsman's Lake, Clyde Reservoir and Nettle Lake.

In northeastern Ohio 12½ million walleyes were put in Norwalk No. 3, Pleasant Hill, Mosquito Lake, Grand River, Cuyahoga River, New Port Lake, New Pond, Resthaven and Beaver Creek.

Other Ohio lakes that received walleyes were Atwood, Burr Oak and Indian Lake where almost five million walleyes were stocked.

Ten thousand muskies were released in Hocking, Rocky Fork and Indian lakes and Hoover and Deer Creek reservoirs; 8,000 muskies stocked in Seneca Lake; 4,000 put in Monroe Lake; 2,000 released in Scioto Brush Creek and 1,000 in Sunfish Creek.

Ironically, the Wildlife Division

## Akins Favored To Chalk Up Welter Title

ST. LOUIS (AP)—A new world welterweight boxing champion will be crowned tonight when Virgil Akins, a stiff-punching hometown boy, meets clever Vince Martinez of Paterson, N. J., in the 15-round final match of an elimination tournament.

Carmen Basilio, who vacated the title last September when he entered the middleweight ranks, will watch the fight. He picks Martinez.

Akins, a 30-year-old slugger who has come into his own in recent months after years of erratic performances, is the 2-1 favorite on the home front.

It will be a healthy payday for both fighters. Each gets \$15,000 from TV and an additional \$15,000 guarantee of 30 per cent of receipts.

Akins and Martinez, 21, are the survivors of a six-man elimination tournament set up last year. Akins bypassed the tourney for a time and won the Massachusetts version of the world title by knocking out ex-champ Tony DeMarco. After repeating the job on DeMarco in a rematch, Virgil eliminated Isaac Logart by a sixth-round knockout in New York March 21. Martinez ousted Gil Turner in January and drew a bye into the finals with Akins.

Martinez's 60-5 record for 65 bouts is more impressive than Akins' 47-17-1.

# AUCTION!

FEED AND GRAIN MILL  
THREE WAREHOUSES AND STORAGE BUILDING  
WITH TWO ACRES OF LAND  
EAST DANVILLE, OHIO (WINKLE P. O.)

SATURDAY, JUNE 14,  
SELLS AT 2:00 P. M.

LOCATED—Ten miles south of Hillsboro, Ohio, 13 miles southeast of Lynchburg, seven miles north of Mowrystown, and seven miles northeast of Buford, on the N. & W. Railroad.

REAL ESTATE SELLS AT 2:00 P. M.

The feed mill is a two-story building, 30x80, with metal siding, metal roof, and partial basement. Equipment in this building includes Fairbanks-Morris truck scales, electric dump hoist, grain dump, elevator leg, Kelley-Duplex, Model L, hammermill with 40-60-H. P. motor, one-ton feed mixer, Sidney cleaner and sheller, and corn cracker. Separate motors for all power-operated equipment. Plenty of bin space for shelling, grinding, and mixing. Storage space for approximately 100 tons commercial feed. Excellent loading and unloading facilities. Partitioned office space. Located across the drive from the feed mill is a seed-cleaning and storage building, 30x50, with metal siding and metal roof. Equipment in the building includes two Clipper cleaners and a Slurry treating machine. Adjacent to the above building is a large warehouse and truck storage building. This building provides storage for several hundred tons of feeds and fertilizer together with trucks. Large crib with storage for 2,000 bushels of ear corn. All buildings are in a good state of repair. Ample electric power and power installations. Side track with ample car space adjacent to feed mill. Buildings are well spaced on the two acres of land with plenty of parking for cars and trucks.

This business has been successfully operated for over 30 years and will be kept in continuous operation until day of sale. All kinds of farm supplies, including feeds, seeds, custom grinding, fertilizers, coal, fence, etc., are handled. Corn, wheat, soybeans, seeds, wool, etc., are bought from the farmers in this area.

This business is well located in the center of a sizeable trading area and draws trade for several miles in most directions out from East Danville. If you are interested in buying a well-established business located in a good farming community and one that will not require an excessive amount of capital, we suggest you investigate this one.

INSPECTION permitted any time prior to sale. For further information contact Donald E. Fender, Hillsboro, Ohio, or The Bailey-Murphy Co., Wilmington, Ohio.

Sale on the premises. Sells to the highest bidder.

TERMS—\$2,500.00 cash at time of sale. Balance to be paid upon delivery of deed. Good title and IMMEDIATE POSSESSION.

DOYLE PETERSON, OWNER

Winkle, Ohio Phone Danville 2701

## Ohioan Seeks To Drop His U.S. Citizenship

VIENNA, Austria (P)—Alan Herbert Sobul of Shaker Heights, Ohio, a medical student here, has applied to renounce his U.S. citizenship.

U.S. consular officials said the 28-year-old student applied because he said he opposes nationalism and objects to military service. He told officials that he intends to finish his medical studies and then go to work with Dr. Albert Schweitzer in Africa.

**Play Safe While You Drive!**

## C. of C. Sign-up Nearing End on Optimistic Note

28 New Members  
Reported after Two  
Days of Campaign

With final reports on the Chamber of Commerce membership campaign only hours away, there was a "feeling" among those who have been in close touch with its progress that the goal of 50 new members will be reached.

The sign-up campaign started Wednesday morning with a kickoff breakfast in the Hotel Washington banquet room for the four teams of five members each.

When David Ogan, the general chairman, told the campaigners that the goal was 50 new members, he emphasized that he meant just that—renewals of memberships of present members do not count. New members were described as men and women who have never belonged to the Chamber of Commerce and men and women who have belonged to the Chamber in the past but had dropped out.

At the conclusion of the kickoff meeting, the campaigners were reminded that they were to meet at the same place for breakfast Thursday and Friday mornings to make progress reports and that the final reports would be made at a dinner meeting there Friday evening.

AT THURSDAY'S progress meeting, the campaigners reported 16 new members had been signed up on Wednesday and Friday morning they reported that 12 more had been signed up on Thursday—a total of 28 by Friday morning.

That is still 22 short of the goal, but confidence that the goal will be reached stems from a "feeling" that some of the teams have been "holding out" in their progress reports so they can come through with big surprise in their final reports Friday night.

One of the campaigners said Friday morning that "they (the campaigners) are all out working like beavers today.... there's terrific competition among the teams.... and all of them believe in the Chamber of Commerce and want to see it get the fullest support possible from as many people as possible."

CARROLL HALL DAY topped the individual campaigners with six new members reported Friday morning.

Members of the team that signs up the most new members and the top campaigners of the three losing teams will be rewarded with a trip to Cincinnati for a baseball game.

The Chamber now has 315 members. The fee is \$30 a year. The Chamber fiscal year runs from June 30 to June 30 and so do the memberships.

Walter Morrow is the Chamber president and William Stoughton is the manager. Both are ex-officio members of the membership campaign committee.

## Two Madison Mills Seniors To Attend Science Institute

MADISON MILLS — Ronald K. Ford, 17, Waterloo, and Robert Mac Groff, 17, McCafferty Rd., Madison Mills, both seniors next fall at Madison Mills High School, have been accepted for the University of Cincinnati's first annual "Atoms, Missiles and Men Institute" to be held June 15 through 20 on the Cincinnati campus.

Outstanding high school juniors and seniors from four states will be present at the institute, which is planned to acquaint them with basic principles and facts underlying work and study in theoretical and applied sciences.

Ford and Groff were recommended to the university by science teachers at Madison Mills High School.

Both entered exhibits in science fairs held late this winter. Groff had a display on "The Volatility of Fuel," and Ford's exhibit was on "The Lead Chamber Process of Preparing Sulfuric Acid."

Lawn Ornament Stolen  
A thief who drove his car onto the front lawn at the Billie Wilson home, 215 McKinley Ave., sometime Wednesday night carried off a crystal ball yard ornament, the property owner told police Thursday.

## Fayette Memorial Hospital News

Mr. and Mrs. Norman Self, 705 Delaware St., are the parents of a 7-pound, 13-ounce son, born in Memorial Hospital at 11:14 p. m. Thursday.

JACKSON, Miss. — Negro Prof. Clennon King earned an isolated jail cell today for his efforts to cross the state's rigid racial lines. His attempt to enter the University of Mississippi is ended.

The 37-year-old former faculty member at the all-Negro Alcorn A&M (Miss.) College was whisked away by state highway patrolmen Thursday when he tried to enter the summer session at the university.

His whereabouts were top secret until late Thursday night. The Associated Press learned he was being held in a tiny cell on the top floor of the state highway patrol headquarters here.

The tall, Georgia-born King said that "I just want to get out of here. I don't know what they're going to do. I wouldn't bother it any more. I would leave it alone."

But state authorities may not leave King alone. They indicated he would be examined by physicians. Chancery Clerk J. B. Howell of Oxford, who filed a lunacy warrant against King, said, "If they conclude his mind is a little off, they will send him to Whitfield (state hospital) for psychiatric examination."

Lebanon Plans Election

BEIRUT, Lebanon — Lebanon's Parliament will elect a new president July 24 to succeed controversial Camille Chamoun.

## Rain Breaks Muggy Heat

Quarter-Inch Fall  
Helps Young Corn

A quarter-inch of rain hit Washington C. H. and Fayette County, beginning at 6:15 p. m. Thursday, bringing with it relief from hot and muggy temperatures that reached a high of 90 degrees here before the cool front arrived.

Although some lightning accompanied the storm, there were no reports of local damage.

Fayette County farmers, looking over their fields of young corn, saw that the rain, almost overnight, had produced a definite improvement in the appearance of the ankle-high stand.

Very little mowing and curing hay was caught by Thursday's downpour, because not much legume growth has been cut yet. Several farmers are planning to mow hay within the next few days, however.

COLUMBUS got more than a half-inch of water from yesterday's thundershowers, and many streets were temporarily flooded. Fifteen head of cattle were killed near Dayton when lightning struck a tree under which they were standing.

After a low temperature here of 61 degrees early Thursday morning, cooler air moved in after the rains and the low Friday morning was 52 degrees. The mercury had risen to only 56 degrees by 8 a. m., and was expected to hit a high of 70-75 degrees by afternoon.

The minimum and maximum temperatures on this date last year were 58 and 81 degrees.

## Bloodmobile Visit

(Continued from page One)  
Cross chapter here, emphasized that appointments for giving blood are a convenience for both the donors and the bloodmobile staff. "If they come by appointment (at a specified time), they will not have to wait and the staff will be spared rush periods and periods in which it has nothing to do," she said.

Mrs. Korn keeps the books on appointments. Volunteers may either call her direct and give her the time they would like to go to the mobile unit or they may sign up with any member of the BPW, giving their choice of appointment times.

Mrs. Mildred Rogers and Mrs. Roberta Stanforth are co-chairmen of the BPW health and safety committee, which is coordinating the BPW recruitment. Other members of the committee are Miss Mary Sauer, Miss Adah Reichenbach, Miss Jeannette Haever, Miss Christine Evans, Mrs. Mary Frances Kirk, Mrs. Edith Acton, Miss Elizabeth Horney and Mrs. Edith Theobald.

Blood donated here next Thursday will be taken to the Red Cross Blood Bank in Columbus, which supplies the blood needed at the hospital here and by Fayette County in other hospitals.

There is no charge for blood used by Fayette County, Mrs. Wilson emphasized; the only cost is for administering it.

Court Suspends Fine  
In Assault Case Here

Appearing in Municipal Court here Friday to face an assault charge filed against him by James Collins, Dale Temple, 25, Route 1, Bloomington, pleaded not guilty.

Judge Max G. Dice found him guilty, however, and fined him \$10 and costs, with the fine suspended. Temple had been arrested by sheriff's deputies.

West German Chieftain  
Honors U.S. Unknowns

WASHINGTON — President Theodore Heuss of West Germany became the first foreign head of state to pay tribute to the unknown American dead of three wars.

His visit to the Tomb of the Unknowns at Arlington National Cemetery, by coincidence, falls on the 14th anniversary of the D-Day invasion of Europe by Allies who went on to defeat Germany.

## Sound Advice

Never kill a fly with a shotgun, and never use drugs left over from a serious illness for self-treatment of a similar ailment. In the first case, you'll blow your kitchen ceiling to smithereens along with the fly. In the second case—you get the point. You see, modern drugs are highly potent—that's why we dispense them only when your physician prescribes. If you dose yourself with leftovers, you may do serious damage. It's a good idea to pour the remains of old prescriptions down the drain and destroy the bottles.

## Courts

### \$120,600 Judgment On Cognovit Note

A \$120,600 cognovit judgment, one of the largest of its kind in the memory of Common Pleas Court attaches, was approved here Thursday by Judge John P. Case.

Leon Imperatore, Canonsburg, Pa., both as an individual and as president of Imperatore Enterprises, was the defendant who had executed the note to the Buckeye Lake Hotel Co., a corporation with headquarters at Buckeye Lake, Ohio.

The judgment included unpaid interest due from April 3, of this year.

Cognovit notes, which carry warrants authorizing any attorney to confess judgment when conditions of the note are not met, may be presented in any Ohio court for action. A Columbus attorney confessed judgment.

There was no indication as to why the note was presented in the local court or as to the circumstances of the transaction.

### THREE DIVORCES GRANTED

Entries granting three divorces and dismissing another domestic relations case have been filed in Common Pleas Court here.

Rose Ann Beuler has been awarded a decree from Donald M. Beuler on grounds of neglect and cruelty with custody of two minor children going to the plaintiff along with household goods. One week after the defendant is released from the Cincinnati Workhouse, he is to begin paying \$30 weekly for support of the children.

Lorene Frances Preston has been granted a divorce from William V. Preston on grounds of cruelty and neglect. Custody of six minor children is awarded to the plaintiff who also receives the household goods. The defendant is to pay \$120 for costs of the suit and \$60 per week for support of the children.

Alma J. Wilson has been awarded a decree from Albert D. Wilson, also on grounds of cruelty and neglect. Custody of three minor children and the household goods has been granted to the plaintiff, and the defendant is to pay \$30 per week for support plus \$65 toward costs of the action.

The divorce suit brought by Mildred Pauline Anders against Thurman Floyd Anders has been dismissed at the plaintiff's request.

## He Visits Stars While on Earth

MIAMI, Fla. — A Pennsylvania hitchhiker with an "interplanetary" itinerary has arrived here on his way to Jupiter. In Florida, that is.

Devon Smith, 32-year-old auto assembly worker from Elwood, Pa., said he already has visited Star, Miss., Mercury, Tex and Sun, La.

"I want to be the first person to visit all these stars without leaving earth," Smith said. He spent two weeks poring over the U. S. postal guide and reference books to map out his route. His last stop—Earth, Tex.

## New Yorkers Rap Little Rock Effort

LITTLE ROCK, Ark. — Two New York educators said Thursday they felt Little Rock school authorities mishandled discipline during the first year of racial integration at Central High School.

The two — Dr. David Salten, Long Beach, N. Y., school superintendent, and Dr. Virgil M. Rogers, dean of education at Syracuse University, N. Y.—were the only witnesses called by the National Assn. for the Advancement of Colored People in opposition to a school board plea for a 2½-year suspension of integration at Central High.

A hearing on the petition ended Thursday in its third day.

U. S. Dist. Judge Harry J. Lemley granted the school board a week in which to file a supplemental brief and indicated it would be some time before he issued a decision.

Rogers contended that some Little Rock school officials had displayed incompetence in handling the racial crisis. He suggested that a student spy system would have been helpful in identifying instigators of disorders inside the school.

Salten said he personally could operate Central High successfully next year without the presence of troops.

After the NAACP witnesses had listed steps they would have taken to control discipline at Central High during last year's crisis, Little Rock School Supt. Virgil Blossom said the steps enumerated already had been followed.

## Red Scientists 'Flee' From U.S. 'Hot' Rain

LONDON — Moscow radio reported today that a boatload of Soviet scientists had to abandon their observations in the Pacific because of dangerous radioactive rain. It implied the "hot" rain came from U. S. nuclear tests.

In an English-language propaganda broadcast, the Communists said the Soviet ship Vityaz was doused by radioactive rain "over 1,800 miles west of the Marshall Islands where the United States has been testing atomic bombs."

## Macmillan Heading For Talk with Ike

LONDON — Prime Minister Macmillan flies west tonight for talks with President Eisenhower in Washington and Prime Minister Diefenbaker in Ottawa.

During his seven-day visit in the United States and Canada, Macmillan also will make commencement speeches and receive honorary degrees at two American universities.

There is no agenda for the talks with Eisenhower.

MAGNA CUM LAUDE—Miss Beverly Baughn, a 1955 graduate of Jeffersonville High School, was graduated magna cum laude from Asbury College, Wilmore, Ky., Wednesday with a bachelor of arts degree in elementary education. The daughter of Mrs. Donna Baughn, 829 Washington Ave., Miss Baughn will teach in the Columbus schools in the fall. Attending the commencement from here were her mother, David Baughn, Mrs. Audry Baughn, Miss Goldie Baughn and Stanley Hannah.

## Mainly About People

Miss Mary Jo Reiff is spending the summer vacation with her mother, Mrs. N. M. Reiff, 404 Rawlings St.

Mrs. Paul Jones, 717 Vine St., a member of the clerical staff of The Record-Herald, entered Memorial Hospital Thursday night and underwent minor surgery Friday morning.

Michael Anthony is the name chosen by Mr. and Mrs. Richard Smith, Route 1, Bloomington, for their son born in Memorial Hospital Wednesday.

Mrs. N. M. Reiff, Mrs. William McArthur and Mrs. Robert Terrell of the Martha Washington Shop, have returned from a buying trip in Chicago where they were guests at the Morrison Hotel.

Mr. and Mrs. Glenn McCoy, Route 1, Bloomington, have chosen the name James Michael for their son born in Memorial Hospital Monday.

## Higher Postal Rates Mean Raises for Local Workers

It will pay to mail your Christmas cards early this year.

Say, for instance, in the middle of July.

That's about the only way to beat the increase in postal rates, which when it goes in effect Aug. 1, will send the 3-cent stamp the way of the dodo bird, the Dewey button and the 5-cent cigar.

The cloud of increased rates carries a solid silver lining, however, for the nation's postmen, who will get their long-sought pay raise out of the increased revenues from the new rates. Here in Washington C. H., Postmaster Clark Wickensimer said the raise will add from \$400 to \$500 to the yearly paychecks of letter carriers and mail clerks.

The cost of mailing an ordinary letter will go from 3 to 4 cents Aug. 1 under the new law, signed with some objections by President Eisenhower last week. That's the first change in the fee for ordinary letters since 1932.

The price of an air mail stamp will go up from 6 cents to 7, and post cards from 2 to 3 cents. Higher rates for newspapers, magazines and advertising matter will become effective next Jan. 1.

Rates on the advertising portion of newspapers and magazines will rise 60 per cent in three annual jumps. On editorial portions, the rate will go up 30 per cent, also in three annual stages.

For advertising matter, the rate will increase 66 2/3 per cent in two annual steps.

A 7½ per cent wage increase is in store for the 10 clerks and 18

carriers on the post office staff here, as well as for the six substitutes, post office officials said. Cost of living increases are also in the cards. Wickensimer, two executive employees and two custodians also will get raises.

Present scale for clerks and carriers is from \$3,660 to \$4,410.

## 676 in County Get \$38,577 in Pensions in May

Aid for the Aged pensions amounting to \$38,577 were received in May by a total of 676 Fayette County residents, the state Department of Public Welfare announced today.

The federal government supplemented all but three of the pensions; they were those which went to mental patients and they averaged \$56.97 each.

The pensions in which the federal government participated averaged \$57.07, a total of \$38,342.

The number of pensions, the amount and the average paid in adjoining counties were: Clinton—797, \$46,950 and \$58.91; Greene—731, \$43,443 and \$59.43; Highland—885, \$51,555 and \$58.25; Madison—465, \$26,162 and \$56.26; Pickaway—636, \$36,328 and \$57.12 and Ross—1,172, \$68,700 and \$58.62.

Payments to 90,652 pensioners in Ohio in May amounted to a total of \$5,315,107, an average of \$58.63.
